INTRODUCTION

The Student Handbook (“Handbook”) describes the rights and responsibilities of the students at Atlanta Metropolitan State College. It is the responsibility of each student to read this Student Handbook, official announcements, official bulletin boards, e-mail wide distributions, and otherwise to inform themselves of all facts relating to life at the College. Each student will be held responsible for the contents of the Student Handbook and other official publications of Atlanta Metropolitan State College (“AMSC”). This handbook is prepared for the convenience of students and does not represent or constitute an official publication of the Board of Regents of the College System of Georgia, however it does include updated policy from the Board of Regents official website. Updates to the AMSC Handbook are made on the official AMSC website. For the most up to date version, please go to www.AMSC.edu.

Please visit www.AMSC.edu for updates to the handbook and www.orgsync.com for information on the Student Government Association, campus life, student affairs events, and student organization information.

Atlanta Metropolitan State College is committed to providing equal opportunities as it relates to the education of its students. DISCLAIMER

This Handbook is prepared for use by students of Atlanta Metropolitan State College and the College reserves the right to revise its policies without notice. Atlanta Metropolitan State College revises its policies to adhere to, in substance and form, to the official policies of the Board of Regents. Although every effort is made to ensure accuracy, in the case of any divergence or conflict with the *Bylaws* of the Board of Regents, the official *Bylaws* of the Board of Regents shall prevail.

Jurisdiction:

This Handbook applies to students of AMSC. A Student’s status as students extends past the campus, making this Handbook applicable to conduct off-campus when conducted by an AMSC student. Appeals of whether conduct is unprotected by this Handbook will be sent to the Vice President of Student Affairs and determined on a case-by-case basis.

Generally, this Handbook regulates conduct that could reflect on AMSC as an institution. Most often it will regulate conduct that, includes AMSC in name, reflects a student's status as an AMSC student publicly, has a connection to remote learning through AMSC, creates a substantial disruption on campus, or is directly connected to the campus community.

Our Mission

In keeping with the academic mission of the institution, the Division of Student Affairs exists to provide student-focused programs and services that support student success and enhance the student experience at AMSC. Our aim is to create critical student learning opportunities beyond the classrooms that support the intellectual, personal, and civic growth of our students.

Our Values

Our core values are what we stand for as employees and professionals in the field of Student Affairs at AMSC. These six values—Learning, Student Success, Excellence, Integrity, Diversity, and Community—are reflected in the many programs and services we offer our students and the campus community. Our values guide us as we carry out our mission and the vision of the institution:

Learning

AMSC values education above all. The academic freedom of faculty and students is vital to our role of promoting life-long learning. We recognize learning takes place both in and out of the classroom and strongly support the educational mission of the institution and the integration of theory and practice, scholarship and application.

Student Success

Our highest priority is to ensure our students' success. We provide highly successful programs that complement in-class learning and enhance the college experience of our students. The success of our students is our success!

Excellence

We set high standards and support continuous improvement and innovations. We model quality service delivery and excellence in our co-curricular offerings.

Integrity

We expect honesty, fairness, and accountability in all our interactions. We promote academic integrity and ethical and personal responsibility. We attempt to be the same on the inside as we are on the outside, thereby exercising our highest professional standards.

Diversity

We value diversity and inclusion by treating others with trust, care, and mutual respect. We foster just communities that appreciate and embrace different perspectives; we promote a campus that is welcoming and inviting to all and we embrace the diverse cultures of the world.

Community

We recognize that community begins with us as a campus family – how we care for and support one another. Community also extends beyond our campus to our surrounding neighborhoods. As such, we embrace and value collaborative relationships and service within and beyond our campus.

STUDENT SUPPORT SERVICES

CENTER FOR ACADEMIC ADVISING AND SUCCESS (CAAS)

Academic Advising at Atlanta Metropolitan State College uses a decentralized model (Faculty Advisors and Academic Success Advisors) for advising students.

Faculty Advisors advises students who may be new or in good academic standing. The Center for Academic Advising & Success (CAAS) Academic Success Advisors advises students who are in learning support, academic jeopardy, or considered high risk. The CAAS coordinates faculty advisor assignments for students during their first semester.

Each semester, students should meet with their faculty/academic advisor multiple times in a semester to discuss their program of study/major, career goals, appropriate courses, and other essential academic information. Students should prepare for their advisement meeting by completing the Academic Advising checklist located on the AMSC website under [CAAS](#).

Academic Advisement at AMSC is the act or process of a Faculty/Academic Success Advisor advising students on course selections using the Academic Advisement Worksheet, DegreeWorks, and Guided Pathways; and can take place anytime during the semester. The Academic Advisement Worksheet is a three-part triplicate form used in each advisement session that Faculty/Academic Success Advisors complete that outline approved course selections for the semester. DegreeWorks is a web-based degree audit and tracking advising system designed to enhance and facilitate face-to-face academic advising that provides real-time advice on degree progression.

DegreeWorks is used to update degree plans and helps students and advisors view and keep track of degree requirements and academic progression electronically. Guided pathways are provided during your advisement session and are structured program maps for full-time and part-time students to keep them on track for degree completion. Guided pathways provide specific courses in a sequential order for retention, academic progression, and timely graduation. Students who are “online only” degree seeking programs are allowed to use the eAdvisement process for advising by completing an eAdvisement form and emailing it to CAAS via academicadvising@atlm.edu. Approved course selections on the Academic Advisement Worksheet and in Degree Works during the Advisement session should be used to register for the next semester during the early registration period (see official Academic Calendar).

The Academic “Alert” Student Referral Program allows faculty to refer students who may need additional assistance when class performance is a threat to their success in a course. Students who are referred as an Academic “Alert” will be contacted by CAAS each semester via their AMSC student email and should respond immediately. A student who does not respond to an Academic Alert may prevent CAAS from addressing potential barriers to graduation.

Academic Support Academic Support is available to students who may need tutorial support with their academic courses with no additional cost. Students will benefit from a variety of academic support services provided in a relaxed, collaborative environment designed specifically to advance the academic achievement of all students regardless of their academic levels. 14 The goal of instructional support is to provide quality academic assistance and support classroom instruction for academic divisions; particularly in, English, College Algebra, Statistics, Calculus, Biology, Physics, Economics and Accounting. Students may also take advantage of academic

support resource labs, group tutoring, supplemental instruction, and the CAAS D2L/Brightspace electronic modules for academic assistance.

Technology labs are open to students during business hours and are equipped with software for electronic tutorials, internet resources, Microsoft Office Suite, multi-media software, scanning capabilities, and instructional software relative to each discipline. Along with highly skilled tutors the center provides workshops, academic support resource labs, group tutoring, supplemental instruction, D2L/Brightspace and email access assistance, selected textbook reserves, printing, group workspace, and supplemental guides. Students are strongly encouraged to utilize instructional resources available as academic support.

ACCESSIBILITY SERVICES

The Office of Counseling and Accessibility Services at Atlanta Metropolitan State College provides accommodations to students with disabilities in accordance with the American with Disabilities Act and Section 504 of the Rehabilitation Act of 1974.¹

The Accessibility Services Provider reviews all accommodation requests. In order to receive accommodations, the student's illness or disability must be verified in writing by a physician, psychiatrist, or some other health care provider or specialist. Students choosing to access disability support services should contact the DSP as soon as possible after acceptance to AMSC. Please be aware that late notifications may result in complications for establishing accommodations in a timely fashion.

The Director of Disability Services communicates with faculty to ensure that accommodations are provided through instruction, the use of technology, and other arrangements, and to ensure that the students' interests and needs are clearly articulated. The office reflects a caring and supportive posture and serves as a resource center to both students and faculty. The activities and services provided by the Office of Accessibility Services are intended to assist students toward achieving their academic goals and maintaining good academic standing.

¹ Section 504 states that "no qualified individual with a disability in the United States shall be excluded from, denied the benefits of, or be subjected to discrimination under" any program or activity that either receives Federal financial assistance or is conducted by any Executive agency or the United States Postal Service.

Each Federal agency has its own set of section 504 regulations that apply to its own programs. Agencies that provide Federal financial assistance also have section 504 regulations covering entities that receive Federal aid. Requirements common to these regulations include reasonable accommodation for employees with disabilities; program accessibility; effective communication with people who have hearing or vision disabilities; and accessible new construction and alterations. Each agency is responsible for enforcing its own regulations. Section 504 may also be enforced through private lawsuits. It is not necessary to file a complaint with a Federal agency or to receive a "right-to-sue" letter before going to court.

If you feel that you have a disability or impairment that may limit your academic functioning, please contact The Department of Counseling and Accessibility Services, at (404) 756-4016, in the Student Success Building #650 Room 252.

Disabilities that may be considered for accommodations include but are not limited to:

An applicant for enrollment or employment may also request a copy of the report.

ELIBIGILITY REQUIREMENTS FOR FINANCIAL AID

To be eligible to receive most federal and state financial aid, a student must meet the following eligibility requirements:

- Be a U.S. citizen or eligible non-citizen with a valid social security number
- Have a high school diploma or a General Education
- Development certificate (GED)
- Be officially accepted to Atlanta Metropolitan State College or currently enrolled as a regular student in compliance with Atlanta Metropolitan State College's Standards of Academic Progress Policy and seeking a degree or certificate
- If male, be registered with the Selective Service Administration
- Not be in default on a federal student loan or not owe a refund to the Pell Grant Program or Supplemental
- Educational Opportunity Grant Program (SEOG)
- If an applicant for the lottery funded HOPE Scholarship program and any other state financial aid program, meet the Georgia residency requirements as defined by the College System of Georgia Board of Regents and the HOPE Scholarship program

COST OF ATTENDANCE BUDGETS

To determine a student's financial aid eligibility, the Office of Student Financial Aid takes into consideration all of the costs associated with attending College. Taken into consideration are the charges that the student is responsible for paying directly to Atlanta Metropolitan State College, which include tuition and fees. An allowance for other costs associated with attending AMSC, such as books, living expenses, and a transportation allowance are also considered. Together these items comprise the Cost of Attendance Budgets. In addition, the Expected Contribution, such as the amount that a family can contribute toward the Cost of Attendance Budget, which is calculated by the U.S. Department of Education's Central Processing System, is used to determine the amount of a student's Pell Grant and eligibility for other grants and loans. The Expected Family Contribution and the Cost of Attendance Budgets are listed on the electronic copy of the student's award letter online.

CREDIT BALANCES

Credit balances exist when a student's financial aid, grants and loans exceed a student's tuition and fees. The issuance of refund checks to students who have credit balances on their account will be determined by the semester start date, the official drop and add period, and the official "no show" (confirmation of student's enrollment) date. Financial aid, grants, and loans will be

officially credited to the student's account the day after the "no show" (confirmation of student's enrollment) date. Refund checks will be issued to students within fourteen days after financial aid is officially credited to the student's account. If the Office of Financial Aid is notified that a student has not been attending classes, the financial aid will be adjusted or withdrawn.

ACADEMIC REQUIREMENTS FOR RECEIVING FINANCIAL AID STANDARDS OF ACADEMIC PROGRESS (SAP):

[The Higher Education Act of 1965](#), as amended by Congress in 2008, mandates institutions of higher education to establish minimum standards of "satisfactory academic 20 progress" for students receiving financial aid. All students receiving financial aid from federal, state or institutional sources must conform to the College definition of satisfactory progress. All students will be held responsible for this information.

Each student's academic progress will be monitored upon the initial financial aid award for each academic year and each time the award is adjusted or updated thereafter. At a minimum, academic progress will be measured at least once per academic year (fall, spring, summer).

Students must be aware that financial aid is awarded based on the number of hours they enroll. If a student or an instructor fails to notify the Financial Aid Office that a student has not attended a class or classes, but received financial aid based on registration, the student's financial aid will be adjusted, and he or she will be responsible for paying the balance. No future financial aid will be disbursed to the student's account until he or she has satisfied any past balances due. Below are the criteria to maintain SAP. **All students should maintain a minimum of the following GPA of 2.0.**

In addition to the GPA requirement students must also complete 67% of all hours attempted. Students should be aware that withdrawals (including hardship withdrawals), incomplete, repeat classes and IP's count as attempted hours in the SAP calculation. Federal guidelines mandate that a student cannot receive more than 150% of the total number of credit hours required to obtain the student's degree. The total number of hours is determined based on the student's major. For example, a student whose major is Pre-Nursing cannot receive financial aid for more than 99 total credit hours.

LEARNING SUPPORT AND REGENTS

Students enrolled in Learning Support and/or Regents' classes are eligible to receive financial aid until they have attempted **28** semester credit hours. If a student is enrolled in Learning Support and/or Regents' classes after the **28** hours limit, the student must pay for those classes out of pocket. All classes will count in the SAP calculation.

APPEALS PROCESS

A student who has lost eligibility for financial aid under these Standards of Academic Progress may feel that there were unforeseeable circumstances that prevented him or her from meeting these requirements. In such cases, the student will adhere to the following appeals process.

Students who have attempted 99 or more credit hours cannot appeal.

1. The student will complete the Financial Aid Appeal Form;
2. The student must document mitigating circumstance that resulted in performing below the published standards;
3. The student will return the Financial Aid Appeal Form back to the Financial Aid Office;
4. The Standards of Academic Progress Committee will re- view the Appeal Form and will determine whether the appeal is granted. The student will be advised in writing of the decision. **A student cannot appeal a “final” decision.**

FEE PAYMENTS, AUTHORIZATION OF CHARGES, REFUNDS AND REPAYMENT OF FINANCIAL AID FEE PAYMENT

Tuition and fees must be paid before a student can begin to attend classes each semester.

Students are not authorized to attend classes if tuition and fees are not paid.

Financial aid applicants should check their financial aid status online at www.AMSC.edu. If a student has received an official award letter and has returned the signed acceptance page, his or her financial aid will memo (authorize) no earlier than 10 days prior to the first day of classes, so it is not necessary to come to the Financial Aid Office. Students should check their accounts to ensure that financial aid has authorized. If aid is not on the account as pending credit, the student must see the Financial Aid Office.

AUTHORIZATION OF CHARGES

Students wishing to use their financial aid to purchase books, parking decals, public transportation cards, and any other purchases must authorize AMSC to deduct the charges from their financial aid. Authorization instructions are available on our web- site at www.AMSC.edu.

If a student does not have financial aid available during the registration period to pay tuition and fees, the student is responsible for paying fees by the established fee payment deadline that is published in the course schedule and on the AMSC website

REFUNDS AND REPAYMENT OF FINANCIAL AID

As part of the [Higher Education Amendment Act of 1998](#), Congress passed regulations that dictate what happens to a student’s federal financial aid when a student completely withdraws from college during any period of enrollment.

The HOPE Scholarship program requires that colleges apply the same refund policy to HOPE Scholarship recipients who completely withdraw from college. Even though a student may be awarded financial aid and have federal, and state financial aid disbursed at the beginning of the semester, the student is required to earn the financial aid that he or she received by attending classes daily until 60 percent of the semester has passed.

When a student completely withdraws from college, prior to the point when 60 percent of the semester has passed, the student has failed to earn all the financial aid that he or she received, and therefore, the student may be required to repay a portion of all the financial aid he or she received: grants, loans and HOPE Scholarship. The portion of the federal and state aid that a student has earned and is entitled to should be based on the date of the student’s complete

withdrawal from the College. The formula that is used for this calculation is prescribed by the federal guide- lines that govern the federal financial aid programs.

The refund calculation is based on the total number of days in the semester and the total number of days the student has attended classes before the student completely withdraws. If a student receives more aid than he or she earns, then the portion that the student does not earn must be returned to the appropriate federal and state financial aid programs. A student may owe money back to the U.S. Department of Education and to Atlanta Metropolitan State College. The refund schedule is published each semester on the College's website at www.AMSC.edu and in the class schedule that is published for each semester.

FINANCIAL AID PROGRAMS AND GRANTS

Atlanta Metropolitan State College participates in both federal and state financial aid programs, grants, work study, loans and the lottery funded HOPE Scholarship programs. Students wishing to receive federal or state financial aid (including the lottery funded HOPE Scholarship) must meet all the general eligibility requirements and complete the Free Application for Federal Student Aid (FAFSA) and any other application(s) that may be required. There are three types of grant programs funded by the U.S. Department of Education. A grant is financial aid that does not have to be repaid (unless the student withdraws from school and as a result owes some of the grant received back to the U.S. Department of Education). Federal grants are based solely on financial need. The amount that students receive depends on their financial need, cost of attendance and enrollment status (full-time or part-time).

FEDERAL GRANT PROGRAMS Pell Grant

The Pell Grant is the foundation of all the federal financial aid programs. Pell Grants are need-based grants awarded to under- graduate students who have not received a bachelor's degree or graduate degree. The amounts of the Pell Grant that a student may receive will vary from year to year, depending on enrollment status and cost of attendance. The U.S. Department of Education will determine a student's eligibility for the Pell Grant based on the information that the student reports on the Free Application for Federal Student Aid (FAFSA). To receive the Pell Grant a student must meet all the eligibility requirements.

Supplemental Educational Grant

The [Supplemental Educational Opportunity Grant \(FSEOG\)](#) is a need-based grant that is awarded to [Pell Grant](#) eligible students who have not received a bachelor's degree or graduate degree. A student's eligibility for the FSEOG is determined by AMSC's Office of Financial Aid and is based on the availability of funds and financial assistance a student receives from other resources. The amount of FSEOG a student will receive will be determined by the 22 Office of Financial Aid.

Academic Competitiveness Grant

The Academic Competitiveness Grant (ACG) is available to freshman and sophomore students who meet certain criteria.

To receive an ACG in the freshman year of college a student must:

- have graduated from a rigorous secondary/high school program after January 2006 and not have been enrolled as a regular degree seeking undergraduate student at any other college or university;
- be a Pell Grant recipient for the same award year;
- be enrolled at least half-time; (6 credit hours or more)
- be a U.S. citizen or an eligible non-citizen;
- be enrolled in an associate's degree program acceptable for full credit towards a bachelor's degree program;

To qualify for the ACG at the sophomore level a student must:

- have graduated from a rigorous secondary/high school program after January 2005;
- be a Pell Grant recipient for the same award year ▪ be enrolled at least half-time (6 credit hours or more);
- have earned a cumulative grade point average of 3.0 on a 4.0 scale and 3.0 credit hours
- be a U.S. citizen or an eligible non-citizen;
- be enrolled in an associate degree program acceptable for full credit towards a bachelor's degree program;

Students may apply for the ACG when they complete the [Free Application for Federal Student Aid \(FAFSA\)](#) by answering questions on the FAFSA or contacting the Office of Financial Aid. The U.S. Department of Education has defined what is considered as a rigorous high school program. Students may obtain this information from the Office of Admissions or the Office of Financial Aid. Students who meet the eligibility requirements are awarded \$750.00 in their freshman year and \$1300.00 in their sophomore year of study. This award is not renewable. Students who are eligible to receive the ACG will receive an award letter.

FEDERAL WORK STUDY PROGRAM

Atlanta Metropolitan State College participates in the [Federal Work Study Program](#). The Federal Work Study Program provides employment to students who are enrolled in at least six (6) credit hours and demonstrate unmet need. Students may be assigned employment on campus or off campus in the community or in local elementary schools. Student wages are based on current minimum wage. Students wishing to work under the Federal Work Study Program must complete a Free Application for Federal Student Aid (FAFSA) and an application for Federal Work Study.

VETERANS ADMINISTRATION BENEFITS

Former service personnel and war orphans are encouraged to take full advantage of benefits available through the [Veterans Administration \(VA\)](#). Those students eligible for benefits should apply for admission to the College and complete the admissions process. The Office of Financial Aid provides access to trained Veterans Affairs Coordinators who can organize various services designed to meet the needs to veterans.

STUDENT LOANS

Atlanta Metropolitan State College participates in the [William D. Ford Federal Direct Loan Programs \(Direct Loan\)](#). Funding for Direct Loan is provided by the U.S. Department of Education. Students applying for any of the Direct Loan Programs are required to complete a Free Application for Federal Student Aid (FAFSA) and a separate loan application which is available on the financial aid website at www.AMSC.edu. The Office of Financial Aid must certify that the student meets all the eligibility requirements for FAFSA and the requirements of the loan programs. The interest on student loans varies based on the program and the date of loan disbursement. The current interest rates can be obtained from the U.S. Department of Education's website at www.studentloan.gov.

Federal Direct Subsidized Stafford Loan

The Federal Direct Subsidized Stafford Loan is available to students who demonstrate need. The U.S. Department of Education pays the interest on behalf of the student while the student is enrolled in school for six (6) credit hours or more and during the first six months after the student ceases to attend school or falls below 6 credit hours of enrollment. After that time, repayment of the loan, interest and principal will begin. The amount of a Subsidized Stafford Loan cannot exceed the student's financial need as determined by the Office of Financial Aid. The amount of Subsidized Stafford Loan that a student can receive is based on the student's unmet need and academic grade level. Effective July 1, 2007, freshmen borrowing under the Subsidized Stafford Loan Program can borrow a maximum of \$3,500 per academic year. Sophomores can borrow a maximum amount of \$4,500 per academic year if they meet all the other qualifications.

Federal Direct Unsubsidized Stafford Loan Program

The Federal Direct Unsubsidized Stafford Loan is different from the subsidized Stafford Loan in that the U.S. Department of Education does not pay the interest lenders who provide money for this program a subsidy to participate in the program. Therefore, interest and principal will accrue under this program while the student is enrolled. However, students may request a deferment of interest and principal while they are enrolled in school. The Unsubsidized Stafford Loan is not a need-based loan program; however, a student must complete a Free Application for Federal Student Aid (FAFSA) and a loan application. The Office of Financial Aid must certify that the student meets the eligibility requirements. The Unsubsidized Stafford Loan is available to those students who meet the independent student definition on the FAFSA and to dependent students whose parents are denied a Parent Loan for Undergraduate Students (PLUS). Effective July 1, 2008, freshmen and sophomores borrowing under the Unsubsidized Stafford Loan Program may borrow a maximum of \$6,000 per academic year, if eligible.

Federal Direct Parent Loan for Undergraduate Students

The Parent Loan for Undergraduate Students (PLUS) is available to biological parents, stepparents and adoptive parents of dependent undergraduate students. The parent is the borrower of the loan for a student who is enrolled in at least six (6) credit hours. The PLUS Loan is based on the credit worthiness of the parent. The Office of Financial Aid must certify that a

student meets the eligibility requirements for the parent to borrow a PLUS Loan. Repayment of the PLUS Loan begins once the loan is disbursed to the school. Under the PLUS Loan Program, a parent may borrow up to an amount equal to cost of attendance minus any other financial aid the student receives.

The maximum number of attempted credit hours at which a student can receive the HOPE Scholarship is 127 credit hours.

LEAP is funded by state and federal monies that are awarded to schools each year. The Office of Financial Aid determines a student's eligibility based on unmet need and the availability of funds.

Georgia Hero Scholarship

The program allows students to pursue postsecondary study at approved public, private and technical colleges while receiving dual high school and College credit for courses successfully completed.

The Accel Program pays for tuition and most mandatory fees at public colleges and provides a book allowance in keeping with the benefits of the HOPE Scholarship Program. Since the Accel Program is funded by monies from the Georgia Lottery, the credits that the student attempts under the Accel Program will count toward the maximum number of attempted hours that the HOPE Scholarship pays for, which is 127 credit hours. Students interested in the Accel Program should contact their high school counselor and the Office of Admissions at Atlanta Metropolitan State College

PRIORITY PROCESSING DEADLINES, VERIFICATION PROCESS, STATUS & AWARDS PRIORITY PROCESSING DEADLINES

To ensure that students have financial aid funds available to pay their tuition and fees at registration, it is important that students apply for financial aid in a timely manner. Students who apply for financial aid and submit all the requested and required documentation by the established priority processing deadlines will be guaranteed that their financial aid will be available at registration. Students may still apply for financial aid after the priority processing deadlines but may have to pay their fees at registration and be reimbursed later. The priority processing deadlines for each semester are:

- June 1 - Fall Semester
- October 15 - Spring Semester
- March 1 - Summer Semester

THE VERIFICATION PROCESS

An applicant for financial aid may be selected by the U.S. Department of Education or the Office of Financial Aid for a process called “verification.” A student selected for verification must submit documentation to support the income, household size, number in college, and any other information that was reported on the Free Application for Federal Student Aid (FAFSA). Students will not receive award letters stating what financial aid they are eligible for until they submit all the required and requested documentation to the Office of Financial Aid and their files have been reviewed for accuracy. Note: The verification process can take up to eight weeks during peak processing times.

FINANCIAL AID AWARDS

To be eligible to receive a financial aid award a student must have a complete financial aid file. A complete financial aid file consists of the following:

- A valid (not rejected) Student Aid Report (SAR) that does not require corrections. If corrections are needed, the Office of Financial Aid will make the corrections

- If required, a completed verification worksheet
- Official acceptance to Atlanta Metropolitan State College ▪ Documentation that continuing students meet the College’s Standards of Academic Progress Policy

Note: Other documents may be requested if the tax returns reveal additional items that need to be verified or if there are discrepancies that must be resolved for inconsistent data reported on the Free Application for Federal Student Aid (FAFSA). Once students have submitted all of the required and requested documents, their file will be reviewed for accuracy.

If the data reported on the Free Application for Federal Student Aid (FAFSA) does not agree with the documentation that the student and parents submit, the data will be corrected and resubmitted to the U.S. Department of Education's Central Processing System (CPS). A financial aid award will be sent to the student after the Office of Financial Aid receives the corrected data and verifies that the student meets all the eligibility requirements.

A financial aid award letter will be sent to each student annually (or whenever the award is updated), indicating the financial aid programs that the student is eligible to receive funds from, the amounts of the funds and the date of the fund's disbursement.

Students can check the status of their financial aid award online at www.AMSC.edu under the financial aid section of the website.

FITNESS CENTER

The Fitness Center is located on the first floor of the Edwin A. Thompson, Sr. Student Activity Center. It is also operated under the direction of the Office of Student Activities and is staffed by student assistants. In addition, the Fitness Center is equipped with dumbbells and arm curve bars, universal weights, cardiovascular equipment, and an aerobic room.

The Office of Student Life and Leadership supports recreation activities such as open gym basketball, badminton, and volleyball. We look forward to serving you throughout your tenure at AMSC.

HOUSING

Atlanta Metropolitan State College does not provide residence halls on campus. However, the Office of Student Activities and the Office of Access and Outreach, located on the second floor of the Student Center, will provide students with resources to assist them with making decisions regarding off-campus housing. These offices do not make rental reservations or negotiate directly between the landlords and students.

INCLEMENT WEATHER SCHEDULE

The policy of AMSC is to continue conducting scheduled classes, keep offices open, and carry-on normal college operations under weather conditions that are normal and reasonably safe for students to be on campus, or travel to campus.

In case of severe inclement weather such as hurricanes or icy conditions, AMSC may discontinue classes, close offices, move to temporary remote learning, or cease routine operations. Unless notified to the contrary, the normal schedule will be followed. If classes are

canceled, all campus offices will be closed, and the College will notify the local radio and TV stations. The information will also be placed on AMSC's website.

OFFICE OF INTERNATIONAL STUDENT SERVICES

The Office of International Student Services (OISS), housed in the Office of Admissions provides a variety of services for international students. The mission of this office is to facilitate and manage international students' advising by responding to international students with advice, counseling and immigration updates. This office also assists students with the following:

- School transfer
- Application for CPT and OPT
- Severe Economic Hardship Work Authorization
- Travel outside of the U.S.

Requirements for F-1 Students

As a student on an F-1 visa you are required to:

- Attend the institution authorized on your I-20
- Enroll in a full course of study each semester.
- Full-time at AMSC is 12 semester hours.
- Keep your passport valid.

USCIS has developed a monitoring process for international students and scholars. This process involves registering with USCIS through the institution, approval for attendance by the student on his/her I-20. This tracking system is referred to as SEVIS. An additional aspect of the new immigration law is that institutions will be required to report any disciplinary actions taken by them against a student on an F-1 visa. Prior to this change, disciplinary actions were considered internal matters for the institutions and did not relate to the student's legal status. To put this part of the law into effect, the new immigration act specifically states that the Family Educational Rights and Privacy Act of 1974 a law that outlines what information about a student was public and what was private would not apply to F1 students

All international Students should visit the Office of Admissions soon after registration. They should bring the following items: passport, I-94 card, new and old I-20 Forms. If an international student has transferred from another school, was admitted while in the United States, he/she should pick up his/her I-20 Form from the Admissions Office.

LOITERING AND SOLICITATION

Board of Regents policies prohibits the operation of private enterprises on campus without college approval. Students who desire to sell goods or services on or off campus as a fund-raising activity must be approved by the Office of Student Activities and the Vice President for Student Affairs.

Professional and/or student staff may ask anyone at any time to provide a AMSC Trailblazer Card. Campus Safety should be contacted immediately if an individual is suspected of loitering.

2. Children are not allowed in classes. There are no exceptions to this policy.
3. Children and other minor visitors are not to be left unattended. Children who are visiting on college premises must be supervised, at all times, by the parent or adult guardian.

5. Selling, peddling, advertising and soliciting of services/materials is prohibited. This includes the unauthorized posting and distribution of materials such as coupons, advertisements, sale/rental listings and flyers. Registered Student Organizations (RSO) fundraising activities must be approved by the Director of Student Activities, Vice President for Student Affairs, and the Vice President for Fiscal Affairs.

Services are available 7 days a week during the semester and offer access to books, periodicals, and electronic databases. Scholarly research is enhanced and made available through carefully selected media (print and non-print materials), access to the Internet, and the GALILEO Interconnected Libraries (GIL) System. As an online system, GIL/GALILEO is designed to ensure universal access to a core level of materials and information services for every student and faculty member in the College System of Georgia.

The library houses a collection of approximately 45,000 volumes, provides access to periodical titles, and has comparable units of microfilm. A videotape/DVD collection offers drama, poetry, and history. Circulating books and bound periodicals are available on the third floor. Current periodicals, reference and microforms are housed on the second floor.

USG institutions offer students with disabilities a variety of services and accommodations to ensure that both facilities and programs are accessible. The information provided on working with students with disabilities is an overview of the resources available and the policies and procedures in place that are intended to facilitate accessibility and academic success.

All institutions of the USG shall adopt the common criteria for documenting disabilities and employ a common methodology for providing services to students with diagnosed disabilities.

ACT - American College Testing

The ACT is administered on six national test dates each year. This test is designed to assess students' general educational development and their ability to complete college level work. The multiple-choice test covers four skills: English, Mathematics, Reading and Science. The test emphasizes reasoning, analysis, problem solving, and the integration of learning skills that college students are expected to perform. The National ACT registration is online, and the test is given in the McMillan Academic Sciences Building on scheduled testing dates in February and September.

College – Level Examination Program – CLEP

The College-Level Examination Program, (CLEP) allows students who have acquired comprehensive subject knowledge through independent or prior study, on-the job training, or cultural pursuits to show that they understand college-level material. ACCUPLACER is a suite of computer adaptive placement tests that measure students' knowledge in math, reading and writing as they prepare to enroll in college level courses. Placement scores help academic advisors recommend courses that are appropriate for students based on their strengths and needs in each subject matter. Local law enforcement candidates and officials also utilize ACCUPLACER for employment and POST certification purposes.

WITHDRAWAL POLICIES

Withdrawal from the College

Effective Spring 2021 - Students should meet with instructors and Office of Financial Aid to discuss withdrawal plans. A student who withdraws from AMSC prior to the Midterm will receive a grade of **W** in all courses in which he/she is enrolled. A student who withdraws from AMSC after the Midterm will receive a grade of **WF**. Students may submit their request to withdraw from a course and retain at least one course or students may withdraw from ALL

courses by completing the online Withdrawal Application. The (Withdrawal Form (Course)) link is found on the Registrar's Office page housed on the school's website and. Once a completed request to withdraw is submitted, the student will have until 6:00 pm the following day to stop the process by submitting an email to registrar@atlm.edu. The timing of withdrawals in order to avoid academic penalty is the responsibility of the student. Deadlines are published in the Academic Calendar.

[This is a link to the deadlines associated with withdrawal.](#)

Involuntary Withdrawal (Faculty Initiated)

Students are expected to observe all policies governing a class. Faculty will clearly state these policies in the course syllabus each semester. A faculty member is eligible to involuntarily withdraw a student after the Midterm, if a student is in violation of the class policies (excessive absences, missed exams and/or required assignments/projects). When a faculty member determines that a student is in violation of the class policies (for example, has missed required assignments or has excessive absences), that faculty member may withdraw the student from the course. A grade of "WF" will be assigned and is treated as an F for GPA calculation purposes.

Students are responsible for withdrawing up to the semester Midterm deadline and be eligible for a grade of "W". Students involuntarily withdrawn are ineligible for a Federal Student Financial Aid refund and to take the exam.

Faculty involuntarily withdrawing a student after the midterm must complete an Involuntary Withdrawal Form and submit for final approval by the provost or designee. The Involuntary Withdrawal will be processed by the Registrar's Office and the student and faculty member submitting a request will be notified by AMSC e-mail. The Last Date of Attendance (LDA) must be submitted for any student who is involuntarily withdrawn (Faculty Initiated).

Administrative Withdrawal Policy

This policy is meant to be invoked in cases where students experience needs that exceed the College's services and resources. In such circumstances, the student will be advised to consider a voluntary withdrawal. If the student declines to voluntarily withdraw from College, the College may administratively withdraw the student in situations when, in the judgment of the provost or designee and professional member of Department of Counseling and Accessibility Services staff, it is determined that the student's physical, mental, emotional or psychological health: 1). poses a significant danger or threat of physical harm to the student or to the person or property of others; or 2). causes the student to interfere with the rights of other members of the College community or with the exercise of any proper activities or functions of the college or its personnel. Except in emergency situations, a student shall, upon request, be accorded a meeting with a College official or a hearing prior to a final decision concerning his or her continued enrollment at the College.

Military Withdrawal

A student who is on active duty or is a military reservist (including members of the National Guard) may withdraw from the College if called for active duty or reassignment. The student must officially withdraw and submit Official Orders to Active Duty to the military liaison located on campus, within three (3) working weeks of actual receipt of said orders. Upon review of the orders, the liaison will submit documentation to the Registrar's Office for processing. The student is not eligible for a military withdrawal in any course in which the student has completed the course requirements (for example, taking the final exam or submitting the final paper) and/or a final grade has been assigned. Students who withdraw and receive a full tuition refund will receive a grade of "MW" (military withdrawal) for all courses from which the student has withdrawn. (Reference BoR 7.3.5.3 Policy Manual)

Unofficial Withdrawal

Federal policy requires students who have been awarded any type of Federal Student Aid (FSA) to fulfill their academic requirements. Students, who cease attending all classes without officially withdrawing and students who earn no earned hours in a semester are considered unofficially withdrawn for the semester by the U.S. Department of Education. For example, if a student fails to earn a passing grade in at least one course he or she enrolled in for a semester, Atlanta Metropolitan State College must assume for Federal Student Aid (FSA) purposes that the student has unofficially withdrawn from the semester and will be reported as such, unless it can be documented that the student did complete the term.

Upon submission of final grades for a term, instructors are required to indicate the last day of attendance for students in which grades of F, FA, WF, are recorded. An "unofficial withdrawal" occurs when the student stops attending all classes and stops participating in any academic activities beyond the date, he/she last attended classes. Depending on the date of the student's "unofficial withdrawal," it may be necessary for AMSC and/or the student to return some or all the financial aid the student received during the term.

An R2T4 (Return of Title IV Funds) calculation must be completed by the Office of Financial Aid based on the student's last date of attendance provided by the Registrar's Office. Unofficially withdrawing from the College can result in the student being required to repay all or a portion of the Federal Student Aid received for the term. The student will be responsible for all funds due back to the U. S. Department of Education.

These withdrawals are for registration purposes and do not affect the recorded grade given. The original grade will be available for viewing on the student's official transcript at the designated time indicated on the Academic Calendar at the end of the term. (Reference: U. S. Department of Education Policy)

Refund - Withdrawal Policy

Refunds are not granted for individual course withdrawals. Refunds will be issued to students who formally withdrawal from ALL classes enrolled in at Atlanta Metropolitan State College.

Refund percentages are calculated using a formula that divides the number of the remaining days (based on the withdrawal date) in the calendar by the total number of days in the semester. The

total calendar days include weekends and the exam period. Breaks of five days or more are not used in the calculation for the refund withdrawal amount. Students are not entitled to any refund if the withdrawal occurs after 60% of class completion. The 60% calculation used starts from the first day of class.

Students may be excluded from receiving a refund for one of the following reasons: suspension for disciplinary reasons, leaving AMSC as disciplinary action, or those who do not formally withdraw from the institution.

STATEMENT OF PRINCIPLES AND GUIDELINES FOR PUBLICATIONS OF ATLANTA METROPOLITAN STATE COLLEGE

The editor of a student publication of Atlanta Metropolitan State College holds a responsible position. He/she is often viewed as an official spokesman for the students and the College, although, of course, he/ she is not. The College is the publisher of all publications which bear its name.

The College has an obligation, therefore, to see that they are in keeping with the aims and character of the institution. When disagreement arises, the matter shall be referred to the Publications Committee for disposition.

Editors are expected to know and comply with libel, lottery, sedition, and similar laws applying to publications. Editors are expected to exhibit good taste in the contents of their publications. Good taste excludes material which is salacious, obscene, offensive, or vulgar, and which ridicules religious and minority groups, human infirmities and the like.

The Publications Committee believes that the widest degree of latitude should be allowed student editors for the free discussion of current issues and problems. Editors must avoid harsh and intemperate criticisms where personalities are involved. Discussion of state political affairs should be limited to issues and policies and should not contain personal attacks on individuals.

Letters to the Editor published by the newspaper must be signed and give clear identification of the author. All columns must give the name of the author. Publication of a person's name submitting a letter to the editor may be withheld upon request. Editors are expected to consult their senior staff members before using questionable material. The advisor of student publications should be consulted when the staff is not in agreement. However, the decision to print material shall be that of the editor, and he/she shall be responsible for what he/she publishes. He/she should be guided by the Principles and Guidelines for College Publications.

The newspaper and its editor may give news and editorial coverage to student political events and controversies. At no time, however, will the editor of any student publication, acting in his/her official capacity, enter student partisan politics and/or use the facilities, or the privileges,

of his/her office for the promotion of a political party or candidate. The advertising of beer, tobacco products, and whiskey shall not be permitted in student publications.

Solicitation of advertisements for student publications is prohibited without approval of the Vice President of Student Affairs.

Any student who fails to adhere to these guidelines will be subject to removal after a fair hearing. These guidelines are those adopted by the Publications Committee.

These principles and guidelines must be interpreted in keeping with the First Amendment of the United States Constitution.

Student Integrity and The Code of Conduct

The College has the responsibility to furnish students with academic knowledge while helping them develop into mature and responsible citizens of the community. All students are entitled to learn in a safe environment conducive to personal and professional growth. Therefore, all individuals enrolled at Atlanta Metropolitan College must adhere to the College's code of conduct. Any violation of statutory laws or the College's code of conduct will result in disciplinary actions and penalties being imposed on the individual.

USG Policy 4.1.1 on Institutional Responsibility

Admission, discipline, promotion, graduation, and formulation of all rules and regulations pertaining to students of University System of Georgia institutions are matters to be handled by the institutions within the framework of policies and regulations issued by the Board of Regents. Students failing to comply with Board of Regents' or institution rules, regulations, or directives may face disciplinary actions.

ACADEMIC IRREGULARITIES

- a. Academic Misconduct** or cheating takes many different forms. Although different instructors assign various penalties, academic misconduct is grounds for failure either on the assignment, or the course, and in some cases is a ground for expulsion from the College. Examples of academic misconduct include, but are not limited to, copying exam answers from others; using notes, calculators,

dictionaries and books during examinations or assignments without the authorization of the instructor; using sources expressly forbidden by the instructor; handing in someone else's work as one's own; or any deceptive act that interferes with the instructor's efforts to accurately evaluate a student's academic performance.

- b. Plagiarism** includes the copying of materials directly from a source and/or using someone else's work or ideas without acknowledging the source. In short, plagiarism is claiming another person's words or ideas as one's own. Essays, term papers, and tests must be the work of the student. If the student uses someone else's ideas, words, or computer program, the student must acknowledge the source. When giving an oral presentation the speaker should cite the source of information. Unless the instructor indicates otherwise, the student may obtain editorial assistance from someone else. Nonetheless, this assistance should be in the form of explaining or clarifying rules, strategies, formats, or principles in order to improve the student's own work.

ALCOHOL POLICY

Atlanta Metropolitan State College in conjunction with the Board of Regent have developed policies and programs designed to increase awareness of the dangers involved with drug and alcohol abuse, as well as other illegal substances. The College intends to stress individual responsibility related to the use of these substances, and

Board of Regents Policy

4.6.4 Alcohol and Drugs on Campus

In accordance with Georgia laws governing the manufacture, sale, use, distribution, and possession of alcoholic beverages, illegal drugs, marijuana, controlled substances, or dangerous drugs on college campuses and elsewhere, including the Drug-Free Postsecondary Education Act of 1990, the Board of Regents encourages its institutions to adopt programs designed to increase awareness of the dangers involved in the use of alcoholic beverages, marijuana, or other illegal or dangerous drugs by University System of Georgia (USG) students and employees. Such programs shall stress individual responsibility related to the use of alcohol and drugs on and off the campus.

To assist in the implementation of such awareness programs and to enhance the enforcement of state laws at USG institutions, each institution shall adopt and disseminate comprehensive rules and regulations consistent with local, state, and federal laws concerning the manufacture, distribution, sale, possession, or use of alcoholic beverages, marijuana, controlled substances, or dangerous drugs on campus and at institutionally-approved events off campus.

Disciplinary sanctions for the violation of such rules and regulations shall be included as a part of each institution's disciplinary code of student conduct. Disciplinary sanctions for students convicted of a felony offense involving the manufacture, distribution, sale, possession, or use of marijuana, controlled substances, or other illegal or dangerous drugs shall include the forfeiture

of academic credit and the temporary or permanent suspension or expulsion from the institution. All sanctions imposed by the institution shall be subject to review procedures authorized by Board of Regents' Policy on Application for Discretionary Review.

The rules and regulations adopted by each institution shall also provide for relief from disciplinary sanctions previously imposed against one whose convictions are subsequently overturned on appeal or otherwise.

4.6.3 Student Organization Responsibility for Drug Abuse

The use of marijuana, controlled substances, or other illegal or dangerous drugs constitutes a serious threat to the public health, welfare, and academic achievement of students enrolled in the University System of Georgia (USG). Therefore, all student organizations, including but not limited to societies, fraternities, sororities, clubs, and similar groups of students which are affiliated with, recognized by, or which use the facilities under the jurisdiction of USG institutions, are responsible for enforcing compliance with local, state, and federal laws by all persons attending or participating in their respective functions and affairs, social or otherwise.

As provided by the Student Organization Responsibility for Drug Abuse Act, any such student organization which, through its officers, agents, or responsible members, knowingly permits, authorizes, or condones the manufacture, sale, distribution, possession, serving, consumption or use of marijuana, controlled substances, or other illegal or dangerous drugs at any affair, function, or activity of such student organization, social or otherwise, violates the laws of this State and, after being afforded the constitutional requirements of due process, shall have its recognition as a student organization withdrawn and shall be expelled from the campus for a minimum of one calendar year from the date of determination of guilt.

Such organization shall also be prohibited from using any property or facilities of the institution for a period of at least one year. Any lease, rental agreement, or other document between the Board of Regents or the institution and the student organization that relates to the use of the property leased, rented, or occupied shall be terminated for the student organization knowingly having permitted or authorized the unlawful actions described above.

All sanctions imposed by this policy shall be subject to review procedures authorized by the Board of Regents' Policy on Application for Discretionary Review.

An appeal to the Board of Regents shall not defer the effective date of the adverse action against the student organization pending the Board's review unless the Board so directs. Any such stay or suspension by the Board shall expire as of the date of the Board's final decision on the matter.

Institutional Policy

Atlanta Metropolitan College has adopted a policy prohibiting the sale, use, possession and distribution of alcohol on campus and at institutionally sponsored events off campus. This policy also includes an education component designed to enhance the students' awareness of the consequences of alcohol abuse as a preventive strategy. The institution's policy statement is drawn in full compliance with the Board of Regents' policy on alcohol use, sale and distribution

on University System campuses and institutionally sponsored events off campus. The policy is consistent with state, federal and local laws.

REGULATIONS

- A. The possession, sale, use, or distribution of alcoholic beverages on campus and at institutionally sponsored or approved events off campus is prohibited. A student violating this policy shall be subject to appropriate disciplinary action by AMSC.
- B. Violation of local, state, or federal laws on campus and at institutionally sponsored or approved activities off campus, which violate act constitutes a clear and present danger of material interference with normal, orderly operation and process of AMSC is prohibited. A student violating such laws shall be subject to appropriate disciplinary action by AMSC.
- C. This policy applies for individual students and for the activities of all student organizations on campus and at institutionally sponsored or approved events off campus. Students who act in concert to violate institutional policies and regulations have individual and joint responsibility for such violations, and such acts are prohibited.
- D. Any student organization found having violated this policy will also be disciplined in accordance with institutional policies for the review and enforcement of regulations concerning student organizations

ALTERNATIVE DISPUTE RESOLUTION PROCESS (“ADR”)

Atlanta Metropolitan College is committed to prompt and fair resolution of the concerns of students, faculty, and classified employees. AMSC does not discriminate based on race, religion, natural origin, gender, age, sexual orientation, disability or veteran status in its practices, programs, or activities.

The purpose of the AMSC Alternative Dispute Resolution Policy is to ensure that disputes are consistently resolved at the lowest supervisory level of AMSC in a timely and equitable manner.

The official alternative dispute resolution policy for AMCS can be found, [here](#).

Informal Process:

The aggrieved student should contact the person involved in the conflict for possible resolution. If the problem is not resolved, and the student wishes to pursue the matter further, the student must contact the immediate supervisor of that person, or, if the person is another student, the unit head where the conflict was initiated.

Resolution will be sought. If a solution is not reached, the matter will be referred to the appropriate Vice President who will attempt to resolve the dispute informally. If the dispute cannot be resolved informally, the Vice President shall refer the disputant(s) to the ADR Campus Liaison. If the student chooses mediation, the request must be submitted in writing to the ADR Committee Chairman within 10 days. (NOTE: If a student does not feel comfortable utilizing the normal ADR Informal Process, he/she can appeal directly to the appropriate Vice President.)

Mediation Process:

Mediation is an alternative for resolving a dispute through a problem-solving process that provides a trained impartial party who facilitates a negotiation process between parties who have reached an impasse.

Mediation is a cooperative win/win process. The steps involved include:

1. The ADR Committee Chairperson will make the logistical arrangements, schedule the mediation and assign trained mediators from AMSC, or the Center for Negotiation and Conflict Resolution.
2. Once the mediation session is conducted and the conflict is resolved, the mediation session will end with both parties signing a confidential agreement.
3. The ADR Committee Chairperson will inform the Vice President that the dispute was resolved or unresolved.
4. If the conflict is unresolved, the disputants will be referred to the appropriate Vice President who shall render a decision.

Formal Process

The Formal Process may be initiated only after the disputant has exhausted the Informal Process and/or the Mediation Process in attempting to resolve a dispute. The Formal Process involves a hearing before a Judicial Committee. All committee meetings including the disputants and the witness are confidential and will be tape-recorded.

1. The disputant, within **10 business days** of the decision of the Vice President, may request a [Grievance Hearing](#). This request must be submitted to the Vice President of Student Affairs in writing.
2. The Vice President shall notify the Judicial Committee Chairperson that a request for a formal grievance hearing has been filed. The Vice President will forward the request to the Chairperson, within 10 working days.
3. The Judicial Committee consists of three (3) regular full time College employees and three (3) students. Either disputant may challenge one of the selected committee members. Those challenged must be replaced.
4. Upon selection and charge of the Committee members by the Vice President of Student Affairs, the Judicial Committee Chair convenes the committee and conducts a hearing.
5. The Judicial Committee Chair will notify each disputant concerning the guidelines for participating in a Grievance Committee Hearing, the logistical arrangements (time, date, and place), and the submission of the requested documentation or witnesses to support his or her issues.
6. The disputant (s) will present information pertaining to the dispute and may question the opposing party consistent with the rights of due process at the committee hearings.
7. Upon the review of all the supporting documentation and interviews of disputants and witnesses, the committee shall prepare and submit a report of its findings, conclusions, and recommendations for the resolution of the grievance to the President, within (10) working days of the end of the committee's findings.

8. The President, within (10) working days of receipt of the Grievance Committee's report, shall review the report and render a decision for the college.
9. Upon exhausting all the ADR processes at Atlanta Metropolitan State College, the disputant may appeal the decision of the President to the Board of Regents, within (20) working days of receipt of the President's letter. The President's letter will include specific information concerning the procedure for the disputant's option to appeal said decision to the Board or Regents.

Board of Regents Policy

4.6.5.2 Process for Investigating and Resolving Disputed Reports

Jurisdiction:

Each institution shall take necessary and appropriate action to protect the safety and well-being of its community. Accordingly, student conduct should be addressed when such acts occur on institution property, at institution-sponsored or affiliated events, or otherwise violate the institution's student conduct policies, regardless as to where such conduct occurs. If the student has admitted responsibility and has voluntarily decided to participate in the informal process, the procedures outlined in this section will not apply.

Access to Advisors:

The Respondent and Complainant (where applicable), as parties to these proceedings, shall have the right to have an advisor (who may or may not be an attorney) of the party's choosing, and at their own expense, for the express purpose of providing advice and counsel. The advisor may be present during meetings and proceedings during the investigatory and/or resolution process at which his or her advisee is present. The advisor may advise their advisee in any manner, including providing questions, suggestions, and guidance on responses to any questions posed to the advisee, but shall not participate directly during the investigation or hearing process.

Initial Evaluation of Student Conduct Reports:

Regardless of how an institution becomes aware of alleged misconduct, the institution shall ensure a prompt, fair, and impartial review and resolution of complaints alleging student misconduct. Where a report of student misconduct has been made to the appropriate department and/or person, the institution shall review the complaint to determine whether the allegation(s) describes conduct in violation of the institution's policies and/or code of conduct. If the reported conduct would not be a violation of the institution's policies and/or code of conduct, even if true, then the report should be dismissed. Otherwise, a prompt, thorough, and impartial investigation, and review shall be conducted into each complaint received to determine whether charges against the Respondent should be brought.

Any report that involves allegation(s) of conduct that could lead to the suspension or expulsion of the Respondent(s) in an initial violation must be promptly reported to the System Director of Equity & Investigations ("System Director") by the institution. The System Director will work with the institution to determine whether any interim measure(s) are necessary, to assign an

investigator and may collaboratively supervise the investigation with the appropriate institution professional (e.g., the Title IX Coordinator, Dean of Students). If an allegation is not initially identified as one that could lead to suspension or expulsion of the Respondent(s), but facts arise during the course of the investigation that would require notice to the System Director, then the institution shall report that case to the System Director or their designee prior to proceeding.

Interim Measures

Interim measures may be implemented by the institution at any point after the institution becomes aware of the alleged student misconduct and should be designed to protect any student or other individual in the USG community. To the extent interim measures are imposed, they should minimize the burden on both the Complaint (where applicable) and the Respondent, where feasible. Interim measures may include, but are not limited to:

1. Change of housing assignment;
2. Issuance of a “no contact” directive;
3. Restrictions or bars to entering certain institution property;
4. Changes to academic or employment arrangements, schedules, or supervision;
5. Interim suspension; and
6. Other measures designed to promote the safety and well-being of the parties and the institution’s community.

An interim suspension should only occur where necessary to maintain safety and should be limited to those situations where the respondent poses a serious and immediate danger or threat to persons or property. In making such an assessment, the institution should consider the existence of a significant risk to the health or safety of the Complainant (where applicable) or the campus community; the nature, duration, and severity of the risk; the probability of potential injury; and whether less restrictive means can be used to significantly mitigate the risk.

Before an interim suspension is issued, the institution must make all reasonable efforts to give the Respondent the opportunity to be heard on whether the Respondent’s presence on campus poses a danger. If an interim suspension is issued, the terms of the suspension take effect immediately. The Respondent shall receive notice of the interim suspension and the opportunity to respond to the interim suspension.

Within three business days of receiving a challenge the institution will determine whether the interim suspension should continue.

Investigation

Throughout any investigation and resolution proceedings, a party shall receive written notice of the alleged misconduct, shall be provided an opportunity to respond, and shall be allowed to remain silent or otherwise not participate in or during the investigation and resolution process without an adverse inference resulting. If a party chooses to remain silent or otherwise not participate in an investigation, the investigation may still proceed, and policy charges may still result and be resolved. Timely and equal access to information that will be used during the investigation will be provided to the Complainant (where applicable) and Respondent.

Where the potential sanctions for the alleged misconduct may involve a suspension or expulsion (even if such sanctions were to be held “in abeyance,” such as probationary suspension or expulsion) the institution’s investigation and resolution procedures must provide the additional minimal safeguards outlined below.

The Complainant (where applicable) and Respondent shall be provided with written notice of the complaint/allegations, pending investigation, possible charges, possible sanctions, and available support services. The notice should also include the identity of any investigator(s) involved. Notice should be provided via institution email to the address on file.

Upon receipt of the written notice, the Respondent shall have at least three business days to respond in writing. In that response, the Respondent shall have the right to admit or to deny the allegations, and to set forth a defense with facts, witnesses, and supporting materials. A non-response will be considered a general denial of the alleged misconduct. Any Complainant (where applicable) shall also be provided three business days to respond to or to supplement the notice.

If the Respondent admits responsibility, the process may proceed to the sanctioning phase or may be informally resolved, if appropriate.

If at any point the investigator determines there is insufficient evidence to support a charge or to warrant further consideration of discipline, then the complaint should be dismissed.

An investigator shall conduct a thorough investigation and should retain written notes and/or obtain written or recorded statements from each interview. The investigator shall also keep a record of any party’s proffered witnesses not interviewed, along with a brief, written explanation of why the witnesses were not interviewed.

The initial investigation report shall be provided to the Respondent and the Complainant (where applicable). This report should clearly indicate any resulting charges (or alternatively, a determination of no charges), as well as the facts and evidence in support thereof, witness statements, and possible sanctions. For purposes of this Policy, a charge is not a finding of responsibility, but indicates that there is sufficient evidence to warrant further consideration and adjudication.

The final investigation report should be provided to the misconduct panel or hearing officer for consideration in adjudicating the charges brought against the Respondent. A copy shall also be provided to the respondent and Complainant (where applicable) before any hearing. The investigator may testify as a witness regarding the investigation and findings but shall otherwise have no part in the hearing process and shall not attempt to otherwise influence the proceedings outside of providing testimony during the hearing.

Resolution/Hearing

In no case shall a hearing to resolve charge(s) of student misconduct take place before the investigative report has been finalized.

Where the Respondent indicates that they contest the charges, the matter shall be set for a hearing and once the investigative report has been finalized and copies provided to the

Respondent and Complainant (where applicable); however, the Complainant (where applicable) and Respondent may have the option of selecting informal resolution as a possible resolution in certain student misconduct cases where they mutually agree, except where deemed inappropriate by the Vice President for Student Affairs (or their designee) or the System Director.

Where a case is not resolved through informal resolution or informal resolution is not available due to the nature of the charges, the Respondent shall have the option of having the charges heard either by an administrator (Hearing Officer) or a Hearing Panel. If an administrative hearing is requested, the Respondent shall use their discretion to determine whether the case should be heard by a Hearing Panel. Notice of the date, time, and location of the hearing shall be provided to the Respondent and Complainant (where applicable) at least five business days prior to the hearing. Notice shall be provided via institution email where applicable. Hearings shall be conducted in person or via conferencing technology as reasonably available. Additionally, the following standards will apply to any such hearing:

The Respondent and Complainant (where applicable) shall have the right to present witnesses and evidence to the hearing officer or panel. Witness testimony, if provided, shall pertain to knowledge and facts directly associated with the case being heard. The Respondent and Complainant (where applicable) shall have the right to confront any witnesses, including the other party, by submitting written questions to the Hearing Officer or Hearing Panel for consideration. Advisors may actively assist in drafting questions. The Hearing Officer or Hearing Panel shall ask the questions as written and will limit questions only if they are unrelated to determining the veracity of the charge leveled against the Respondent(s). In any event, the Hearing Officer or Hearing Panel shall err on the side of asking all submitted questions and must document the reason for not asking any questions.

Where the Hearing Officer or Hearing Panel determines that a party or witness is unavailable and unable to be present due to extenuating circumstances, the Hearing Officer or Hearing Panel may establish special procedures for providing testimony from a separate location. In doing so, the Hearing Officer or Hearing Panel must determine whether there is a valid basis for the unavailability, ensure proper sequestration in a manner that ensures testimony has not been tainted, and decide that such an arrangement will not unfairly disadvantage any party. Should it be reasonably believed that a party or witness who is not physically present has presented tainted testimony, the Hearing Officer or Hearing Panel will disregard or discount the testimony.

Formal judicial rules of evidence do not apply to the investigatory or resolution process.

The standard of review shall be a preponderance of the evidence.

Institutions should maintain documentation of the proceedings, which may include written findings of fact, transcripts, audio recordings, and/or video recordings.

Following a hearing, both the Respondent and Complainant (where applicable) shall be simultaneously provided a written decision via institution email (where applicable) of the outcome and any resulting sanctions. The decision should include details on how to appeal, as outlined below. Additionally, the written decision must summarize the evidence relied on in

support of the outcome and the rationale for the resulting sanction. The same form will be completed, regardless of whether the student opts for a hearing panel or an administrative proceeding.

APPEAL PROCEDURE

When a student is expelled or suspended by action of the Judicial Committee, such student shall have the right to appeal in accordance with the following procedures:

1. The person aggrieved shall appeal in writing to the President of the College within five days after notification of the decision of which he complains. After consideration of the committee's report, the President shall, within five days, decide which shall be final so far as the institution is concerned.
2. A student may appeal on grounds that the evidence was not sufficient to find him/her guilty or other specified relevant grounds. In either case, he/she shall clearly state his/her grounds for appeal in his/her written statement to the President.
3. The President shall be given a tape recording and a written summary of the proceedings of the hearing.
4. The President of the College issues a written decision of the appeal. The student is considered to have exhausted his/her appeals on the campus.
5. Should the aggrieved person be dissatisfied with the decision of the President, the student shall have the right to appeal, in writing, to the Board of Regents, without prejudice. The application for review shall be submitted in writing to the Board of Regents within a period of twenty days following the decision of the President. This application for review shall state the decision complained of and the address desired. A review by the Board is not a matter of right but is within the sound discretion of the Board. If the application for review is granted, the Board or committee of the Board shall investigate the matter thoroughly and render its decision within sixty days from the filing date of the application. The decision of the Board shall be final and binding, for all purposes.

(Minutes, 1962-63, pp. 244-245; Minutes, 1967-68, pp. 750-751; Minutes, 1973-74, pp.176-177).

6. Disciplinary action shall not be stayed pending an appeal to the Board of Regents.

ATLANTA METROPOLITAN COLLEGE DRUG AND ALCOHOL PREVENTION PROGRAM FEDERAL REQUIREMENT

The 1987 authorization of the Higher Education Act states that Title IV Program (Student Aid) participation agreements will require an institution to certify that it has a viable institution-wide drug abuse prevention program as determined by the institution. In the event an AMC faculty, staff, or administrators are confronted by students who exhibit belligerent, abusive, profane, threatening and/or inappropriate behavior and are unable to resolve the confrontation personally, the Campus Safety Office shall be immediately contacted for assistance.

Campus Safety Officers are available 24 hours a day, seven days a week at (404) 756-4040. If a student's conduct is disruptive or interferes with the orderly class process, the instructor should promptly advise the student to cease the inappropriate behavior. If the disruptive behavior continues, the instructor may ask the student to leave the class or cancel class, if necessary, in order to deal with the disruptive student.

Prior to the student returning to the classroom, the instructor should schedule a private conference. However, when these disruptions or threats appear to constitute serious violations of the Student Code of Conduct, a verbal and/or written complaint concerning the confrontation should be reported to Campus Safety. This type of report should include dates, time, actions, names of persons involved, and should be substantiated by witnesses if applicable. Campus Safety will then forward a written report to the Vice President for Student Affairs. The next time the class convenes, the student may not return to class without the prior permission of the instructor.

The instructor reserves the right to deny the student access to the classroom. The instructor has the right to obtain the assistance of the Campus Security Officers if the student refuses to leave the classroom when requested by the instructor. Documentation of this type of incident is required. The instructor will inform The Vice President of Student Affairs in writing of the incident without delay.

It should be noted that if anyone is in immediate danger, Campus Safety will exercise their authority, which in extreme cases could include formal arrest of the student and

incarceration. Campus Safety will forward a written report to the Vice President for Student Affairs, who will conduct an administrative inquiry with appropriate due process into the incident. An administrative disposition is rendered or negotiated settlement of the complaint, normally within seven (7) weekdays of receipt of the complaint. Furthermore, if faculty, staff or administrators can document that a student has exhibited behaviors that may indicate a physical, mental, emotional, or psychological health condition which could result in a student medical withdrawal, they should bring such concerns directly to the attention of the Vice President for Student Affairs.

The Vice President of Student Affairs will request the Director of Counseling and Testing, or appropriate professional, to initiate a confidential inquiry into the matter and make a recommendation (s) for administrative disposition to the Vice President of Student Affairs.

STUDENT COMPLAINT POLICY

Purpose

Atlanta Metropolitan State College (“AMSC”) values feedback from its students and believes students should be able to discuss problems and express concerns to the College and free from duress or retaliation. AMSC is committed to providing students with an avenue to express complaints and to work with college officials toward amical resolutions. AMSC believes engaging in this process can also be an inherently valuable educational experience for students and can help prepare students to address issues in a professional productive manner after they leave the College.

Scope

This policy applies to Atlanta Metropolitan State College students.

This policy does not apply to complaints that are covered by other applicable AMSC policies, such as,

- Complaints about sex assault, harassment and/or retaliation are handled in accordance with the AMSC Sexual Misconduct Policy and corresponding procedures.

- Complaints about student misconduct in violation of AMSC Student Code of Conduct are handled in accordance with the AMSC Student Conduct Policy and corresponding procedures.

This policy does not displace and is not intended to supplant other policies and procedures applicable to the handling of a student's complaint. For example, a complaint about a grade should still be handled via the academic grade appeal process, a financial aid related complaint should still be addressed to the Financial Aid Office, etc.

GENERAL STUDENT COMPLAINTS

- (1) Student complaints not falling under the categories or other policies identified above should be made to the supervisor or responsible staff member of the area from which the complaint originates or relates for attempted informal resolution of the complaint. Resolution of most complaints can likely be resolved at this informal level.
- (2) If an informal resolution of the student's complaint cannot be accomplished, or if the complaint is about the supervisor or responsible staff member for the area, the student should then submit their grievance formally in writing to the College official responsible for the department from which the grievance originated or relates. The written grievance should include, at a minimum, the student's name, details, and a written account of the complaint, and a desired outcome.
- (3) Upon receipt of a written grievance, the College official will review the complaint and contact the student within ten (10) business days to verify receipt of the grievance, clarify any information provided by the student, and request any additional information that may be needed from the student for the College official to fully evaluate the grievance. This also provides the student with an additional opportunity to provide all information he or she would like considered and to request a meeting with the College official if they so desire.
- (4) The College official will then undertake efforts to evaluate and investigate the student's complaint to reach a determination. The College official will endeavor to reach a final determination within thirty (30) days of receipt of the student's formal written complaint, although circumstances may warrant a lengthier period of time and the student will be notified of the same.
- (5) The College official will provide the student with a written notification of the determination and outcome of their grievance. If the student is dissatisfied with the outcome, they may file an appeal with the Vice President for respective Division or designee. The appeal must be filed in writing within three (3) business days of receipt of the outcome notification and include the grounds for the appeal. The Vice President for the respective Division or designee will consider timely appeals, conduct any additional investigation (if necessary), and make a final decision within ten (10) business days of receipt of the appeal. The Vice President for the respective Division or designee will inform the student in writing of the outcome of the appeal. The decision of the Vice President for the respective Division or designee is final and not subject to further appeal.

POLICY/PROCEDURE

All student complaints should be submitted on the AMSC website at the link: www.atlm.edu/complaints. The student submitting the complaint will receive: (1) receipt confirmation of the complaint within 48-72 hours, (2) the name and contact information of the College Official managing the complaint, in case the student has questions or needs assistance throughout the resolution process, (3) what to expect throughout the complaint/resolution process, and (4) a resolution to the complaint.

SEXUAL MISCONDUCT

I. Policy Statement

Sexual Misconduct is a violation of federal, state, Atlanta Metropolitan State College, and USG Board of Regents policy and may also be subject to criminal prosecution. Sexual Misconduct, as defined by this policy is any form of sexual violence to include, but not limited to, Sexual Harassment, Sexual Assault, Dating Violence, Domestic Violence, Rape, Non-Consensual Sexual Contact, Non-Consensual Sexual Intercourse, Sexual Exploitation, and Stalking each as more fully defined in this policy. Sexual Misconduct can occur between strangers or acquaintances, and even people involved in intimate or sexual relationships. Sexual Misconduct can be committed by men or women, and it can occur between people of the same or different gender. Atlanta Metropolitan State College will not tolerate sexual misconduct and will provide resources and recourse for individuals whose rights may have been violated by an act of sexual misconduct by any member of the college community.

II. Reason for the Policy

Atlanta Metropolitan State College is committed to providing a safe environment that supports the dignity of all members of the College community. Federal Law prohibits discrimination based on gender; this includes Sexual Harassment and Sexual Misconduct. Specific laws and/or acts include [Section 703 of Title VII of the Civil Rights Act of 1964](#) as amended, [Title IX of the Education Amendments of 1972](#), [The Jeanne Clery Act of 1990](#), and [The Violence Against Women Act \(VAWA\) of 1994](#) (reauthorized 2000, 2005, 2013).

III. Proposed Outcome

This policy aims to set in place a process for handling incidents of Sexual Misconduct on the Atlanta Metropolitan State College campus in keeping with federal legislation and guidelines. The implementation of this policy will assist victims by clearly delineating the process for reporting misconduct on campus as well as resources available. Additionally, the policy will assist in staying in compliance with federal and state laws and guidelines as well as Board of Regents policy. This policy seeks to eliminate all forms of Sexual Misconduct on Atlanta Metropolitan State College campus.

IV. Applicability of the Policy

This policy applies to all Atlanta Metropolitan State College (AMSC) employees and students. This policy is in effect regardless of location (including but not limited to: study abroad and conferences). Persons of any sex can be capable of Sexual Misconduct; Sexual Misconduct can occur between people of the same gender. It can occur among "couples" involved in romantic relationships. The requirements of this policy are blind to the sexual orientation or preference of individuals engaging in sexual activity. Misconduct reflects the serious intent of AMSC to provide resources and recourse for individuals whose rights may have been violated by an act of Sexual Misconduct. There is no statute of limitations for Sexual Misconduct at Atlanta Metropolitan State College. Individuals can be accused/charged with one or more of these offenses for their behavior in a single incident. None of these forms of Sexual Misconduct will be tolerated at Atlanta Metropolitan State College.

V. Definitions and Prohibited Conduct

Community: Students, faculty and staff, as well as contractors, vendors, visitors, and guests.

Complainant: An individual lodging a complaint. The complainant may not always be the alleged victim.

Consent: Words or actions that show a knowing and voluntary willingness to engage in mutually agreed-upon sexual activity. Consent cannot be gained by force, intimidation or coercion, by ignoring or acting despite objections of another, or by taking advantage of the incapacitation of another, where the respondent knows or reasonably should have known of such incapacitation. Consent is also absent when the activity in question exceeds the scope of consent previously given. Past consent does not imply present or future consent. Silence or an absence of resistance does not imply consent. Minors under the age of 16 cannot legally consent under Georgia law.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the alleged victim.

Domestic Violence: Violence committed by a current or former spouse or intimate partner of the alleged victim, by a person with whom the alleged victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the alleged victim under the domestic or family violence laws of the jurisdiction, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Incapacitation: The physical and/or mental inability to make informed, rational judgments, and can result from mental disability, sleep, involuntary physical restraint, or from intentional or unintentional taking of alcohol and/or other drugs. Whether someone is incapacitated is to be judged from the perspective of an objectively reasonable person.

Nonconsensual Sexual Contact: An intentional sexual touching upon a person, without consent or where the person is incapacitated, and/or by force, by another person or with any object. Sexual contact includes but is not limited to, intentional contact with the breasts, buttocks, groin, or genitals, or touching another with these body parts, or making another touch the alleged victim or themselves with or on any of these body parts.

Privileged Employees: Individuals employed by the institution to whom a complainant or alleged victim may talk in confidence, as provided by law. Disclosure to these employees will not automatically trigger an investigation against the complainant's or alleged victim's wishes. Privileged Employees include those providing counseling, advocacy, health, mental health, or sexual-assault related services (e.g., sexual assault resource centers, campus health centers, pastoral counselors, and campus mental health centers) or as otherwise provided by applicable law. Exceptions to confidentiality exist where the conduct involves suspected abuse of a minor (in Georgia, under the age of 18) or otherwise provided by law, such as imminent threat of serious harm. Further, Privileged Employees must still submit anonymous statistical information for Clery Act purposes.

Respondent: Individual who is accused to have engaged in conduct that violates this Policy.

Responsible Employees: Those employees who must promptly and fully report complaints of or information regarding sexual misconduct to the Title IX Coordinator. Responsible Employees include any administrator, supervisor, faculty member, or other person in a position of authority who is not a Privileged Employee. Student employees who serve in a supervisory, advisory, or managerial role are in a position of authority for purposes of this Policy (e.g., teaching assistants, residential assistants, student managers, orientation leaders, etc.). Responsible Employees are not required to report information disclosed at public awareness events (e.g., "Take Back the Night," candlelight vigils, protests, "survivor speak-outs" or other public forums in which students may disclose incidents of prohibited conduct).

Sexual Assault: An umbrella term referring to a range of nonconsensual sexual contact, which can occur in many forms including but not limited to rape and sexual battery.

Sexual Exploitation: "Sexual Exploitation" occurs when an individual takes non-consensual or abusive sexual advantage of another for his or her own advantage or benefit, or to the benefit or advantage of anyone other than the one being exploited.

Examples of sexual exploitation may include, but are not limited to, the following:

1. Invasion of sexual privacy;
2. Prostituting another individual;
3. Non-consensual video or audio of sexual activity;
4. Non-consensual distribution of video or audio of sexual activity, even if the sexual activity or video or audio taken of sexual activity was consensual;
5. Intentional observation of Un consenting individuals who are partially undressed, naked, or engaged in sexual acts;
6. Knowingly transmitting an STD or HIV to another individual;
7. Intentionally and inappropriately exposing one's breasts, buttocks, groin, or genitals in non-consensual circumstances; and/or
8. Sexually based bullying.

Sexual Harassment: Unwelcome verbal, nonverbal, or physical conduct, based on sex or gender stereotypes, that: is implicitly or explicitly a term or condition of employment or status in a

course, program, or activity; is a basis for employment/educational decisions; or has the purpose or effect of interfering with one's work or educational performance creating an intimidating, hostile, or offensive work or learning environment, or interfering with or limiting one's ability to participate in or benefit from an institutional program or activity.

Stalking: Engaging in a course of conduct directed toward another person based upon sex that would cause a reasonable person (i) to fear for his or her safety or the safety of immediate family members or close acquaintances, or (ii) to suffer substantial emotional distress.

BOARD OF REGENTS POLICY

6.7 Sexual Misconduct Policy

In accordance with federal and state law including, Title IX of the Education Amendments of 1972 ("Title IX") and Title VII of the Civil Rights Act of 1964 (Title VII), the University System of Georgia (USG) prohibits discrimination based on sex in any of its education programs or activities or in employment. The USG is committed to ensuring the highest ethical conduct of the members of its community by promoting a safe learning and working environment. To that end, this Policy prohibits Sexual Misconduct, a form of sex discrimination, as defined herein.

USG institutions are committed to reducing incidents of Sexual Misconduct, providing prevention tools, conducting ongoing awareness and prevention programming, and training the campus community in accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ("Clery Act") and the Violence Against Women Act ("VAWA"). Prevention programming and training will promote positive and healthy behaviors and educate the campus community on consent, sexual assault, sexual harassment, alcohol and drug use, dating violence, domestic violence, stalking, bystander intervention, and reporting.

When Sexual Misconduct does occur, all members of the USG community are strongly encouraged to report it promptly through the procedures outlined in this Policy. The purpose of this Policy is to ensure uniformity throughout the USG in reporting and addressing Sexual Misconduct. This Policy applies to all members of the USG community. This Policy is not intended to infringe or restrict rights guaranteed by the United States Constitution including free speech under the First Amendment, or the due process clauses of Fifth and Fourteenth Amendments.

Reporting Structure

Title IX Coordinators ("Coordinators") at USG institutions shall have a direct reporting relationship to both the institution's President or the President's designee and the USG System Director for Equity and Investigations ("System Director"). The President of each institution shall determine the organizational and operating reporting relationships for the coordinators at the institution and exercise oversight of institutional issues relating to Sexual Misconduct. However, the System Director shall have authority to direct the coordinators' work at each institution as needed to address system-wide issues or directives. The President of each institution shall consult with the System Director on significant personnel actions involving

Coordinators, to include but not be limited to, appointment, evaluation, discipline, change in reporting structure, and termination.

VI. Reports of Sexual Misconduct

Sexual Misconduct by members of the College community should be immediately reported to one of the following Atlanta Metropolitan State College campus officials described below:

- (1) Sexual misconduct involving Students should be reported to the Vice President for Student Affairs, Office of Student Affairs, Suite 217, Student Center Building, 404-756-4585.
- (2) Sexual misconduct by faculty or staff should be reported to the Director of Human Resources, Room 114, Library/Administration Building, 404-756-4047.
- (3) Sexual misconduct involving students and/or faculty and staff should be reported to the Title IX Coordinator, Office of Judicial Affairs, Academic Building, Room 118, 678-623-1271.

The College will protect confidentiality by not disclosing the Complainant's information to anyone outside the College, except as required by law. Within the College, a Complainant's request for confidentiality must be balanced by the College with its responsibility to provide a safe and non-discriminatory environment for the College community. Where the College cannot take disciplinary action against a Student because of a Complainant's insistence upon confidentiality, the College will pursue other steps where available to limit the effects of the alleged Sexual Misconduct and attempt to prevent its recurrence.

The right to confidentiality, both for the complainant and the accused, will be respected insofar as it does not interfere with the College's legal obligation or ability to investigate allegations and to take corrective action when it is found that misconduct has occurred. For all allegations of Sexual Misconduct, the following procedures are in effect to file a formal complaint:

A. Filing a Formal Complaint of Sexual Misconduct

A Complainant of sexual misconduct can choose from the following reporting options within the institution to file a complaint of sexual misconduct at Atlanta Metropolitan State College:

- (1) File an administrative sexual misconduct complaint;
- (2) File a criminal complaint with AMSC law enforcement officials; and
- (3) File an anonymous complaint.

Listed below are the details on how to file a sexual misconduct complaint using each of the above listed options. An individual who believes he/she is a victim of sexual misconduct is encouraged to report allegations of sexual misconduct promptly.

(1) How to File an Administrative Sexual Misconduct Complaint

Complainants of sexual misconduct who wish to file a report with the institution should notify a Responsible Employee, a Deputy Title IX Coordinator, or the Title IX Coordinator. Responsible Employees and Deputy Title IX Coordinators informed about sexual misconduct allegations

involving any student must notify the Title IX Coordinator as soon as practicable. Responsible Employees should not attempt to resolve the situation but must notify and report all relevant information to the Title IX Coordinator. Privileged Employees are not bound by this requirement but may, consistent with their ethical and legal obligations, be required to report limited information about incidents without revealing the identities of the individuals involved to the Title IX Coordinator. All members of the AMSC College community are encouraged to report incidents of sexual misconduct promptly. Incidents reported to campus officials should be forwarded to the Title IX Coordinator within 3 days of receiving the complaint. Reporting Sexual Misconduct to the Title IX Coordinator will begin the College's investigation of the issue and serves as a form of official documentation of the incident. Complaints should include as much information as possible – that is:

- (1) the type of sexual misconduct experienced;
- (2) the name of the respondent;
- (3) the date(s), time(s), and place(s) of the sexual misconduct;
- (4) the name(s) of any individual(s) with knowledge of the incident;
- (5) whether any tangible evidence has been preserved; and
- (6) whether a criminal complaint has been made. Information from complaints will be shared only as necessary to investigate and to resolve the alleged sexual misconduct. Complaints will be investigated and resolved as outlined below.

The Title IX Coordinator, will assess the need for institutional interim measures as described below as appropriate and where reasonable, as well as work with the appropriate institutional department to determine the need to issue a broader warning to the community in compliance with the Clery Act or to report activity to the authorities.

Institutional reports will be investigated and adjudicated separately from any criminal complaints.

1. *Confidentiality*: Where a complainant or alleged victim requests that his or her identity be withheld or the allegation(s) not be investigated, AMSC will consider, through the Title IX Coordinator, whether this request can be honored while still providing a safe and nondiscriminatory environment for the institution. Honoring the request may limit the institution's ability to respond fully to the incident and may limit the institution's ability to discipline the respondent.
2. *Retaliation*: Anyone who, in good faith, reports what she or he believes to be misconduct under this Policy, or who participates or cooperates in, or is otherwise associated with any investigation, shall not be subjected to retaliation. Anyone who believes he or she has been the target of retaliation for reporting, participating or cooperating in, or otherwise being associated with an investigation should immediately contact the AMSC Title IX Coordinator. Any person found to have engaged in retaliation in violation of this Policy shall be subject to disciplinary action
3. *False Complaints*: Individuals are prohibited from intentionally giving false statements to an institution official. Any person found to have intentionally submitted false complaints,

accusations, or statements, including during a hearing, in violation of this policy shall be subject to disciplinary action.

4. *Amnesty*: Individuals are encouraged to come forward and to report sexual misconduct notwithstanding their choice to consume alcohol or to use drugs. Information reported by an individual during an investigation concerning use of drugs or alcohol will not be used against the particular individual in a disciplinary proceeding or voluntarily reported to law enforcement; however, individuals may be provided with resources on drug and alcohol counseling and/or education, as appropriate.

(2) How to File a Sexual Misconduct Complaint through AMSC Law Enforcement

Because sexual misconduct may constitute criminal activity, a complainant also has the option, should he or she so choose, of filing a report with AMSC Campus Public Safety Department or local police, for his or her own protection and that of the surrounding community. Complainants considering filing a report of sexual misconduct with law enforcement should preserve any evidence of sexual misconduct, including, but not limited to, the following:

1. Clothing worn during the incident including undergarments;
2. Sheets, bedding, and condoms, if used;
3. Lists of witnesses with contact information;
4. Text messages, call history, social media posts;
5. Pictures of injuries; and/or
6. Videos.

(3) How to File an Anonymous Sexual Misconduct Complaint

Persons who wish to report an anonymous complaint of sexual misconduct may do so by completing the online incident report form located at www.AMSC.edu.

B. Process for Investigating Sexual Misconduct Reports Jurisdiction:

The institution shall take necessary and appropriate action to protect the safety and well-being of its community. Accordingly, sexual misconduct perpetrated against students by University System of Georgia students, faculty, or staff should be addressed whenever such acts occur on a campus, in connection with an institution's program or activity, or in a manner that creates a hostile environment for members of the institution community. Further, the policy is applicable to all University System of Georgia students, faculty, and staff, as well as contractors, vendors, visitors, guests or other third parties.

Access to Advisors:

Both the alleged victim and respondent, as parties to the matter, shall have the opportunity to use an advisor (including an attorney) of his/her choosing for the express purpose of providing advice and counsel at his/her own expense. The selected advisor shall not otherwise be a party or witness involved in the investigation. The advisor may be present during any meetings and proceedings involved in the investigatory or resolution process in which the advisee is also

eligible to be present. The advisor may advise the advisee, including providing questions, suggestions, advice on the proceedings, and guidance on responses to any questions of the participant, but shall not participate directly. The institution shall not prohibit family members of any party from attending if the party requests such attendance but will be limited in number to only two family members.

Timeframe: Atlanta Metropolitan State College will make all reasonable efforts to complete the investigation and resolution within 60 calendar days of the initial complaint, though a longer period of time may be needed in some cases. The Title IX Coordinator will notify the respondent and the alleged victim, in writing, of any extension of this timeframe.

Preliminary Review of Sexual Misconduct

The Title IX Coordinator will conduct a timely review of all complaints of Sexual Misconduct to determine if there is reasonable cause to believe the AMSC Sexual Misconduct policy was violated. A preliminary review of all complaints will be conducted, including contacting individuals identified in the complaint, in order to determine the nature of the incident as well as any necessary interim action (see Interim Action below). Based upon the findings of fact during the preliminary review, and the Title IX Coordinator consulting with the Vice President for Student Affairs and the Director of Human Resources, it will be determined:

1. There is insufficient Information to pursue the investigation further. In such cases, the Title IX Coordinator and/or the Vice President of Student Affairs will meet with the Complainant and the Responding Student separately to review the preliminary findings and the matter will be closed with no further action.
2. There is sufficient Information to further investigate the sexual misconduct complaint. The Title IX Coordinator will assign an Investigator to commence a prompt, fair, and impartial investigation including: Investigator; witness sign the summary to verify its accuracy; having each
3. If the Complainant is reluctant to pursue the matter, the College will determine whether there is sufficient independent information to support the complaint without the participation of the Complainant. The Title IX Coordinator will notify the Complainant if the College intends to pursue the complaint and inform the Complainant of his/her rights in the process including the option to become involved again in the future if a more comprehensive review is necessary. In such cases, the assigned investigator will commence a prompt, interviewing all relevant witnesses, summarizing the information they are able to share and having each review promptly by analyzing all available Information.

C. Interim Protective Measures

To maintain a safe environment during the investigation process, the College, through the Title IX Coordinator, may take interim action as appropriate. The Title IX Coordinator or his/her designee may impose interim protective measures before the outcome of an investigation and until final resolution of the allegations if failure to take the interim measures would constitute an

immediate threat to the safety and wellbeing of the alleged victim or other members of the institution, or to ensure equal access to the institution's education programs and activities.

Before any such measures are instituted, however, the Title IX Coordinator shall, where practicable, provide the respondent with an initial opportunity to respond to the allegations and to the imposition of any interim protective measures specifically. Imposing interim protective measures does not indicate that a violation of this policy has occurred and is designed to protect the alleged victim and community and not to harm the respondent. AMSC will attempt to impose interim measures to the extent possible to minimize the burden on both the alleged victim and the respondent, where feasible. Interim measures may include but are not limited to:

1. Change of housing assignment;
2. Issuance of a "no contact" directive;
3. Restrictions or bars to entering certain institution property;
4. Changes to academic or employment arrangements, schedules, or supervision;
5. Interim suspension; and
6. Other measures designed to promote the safety and well-being of the parties and the institution's community.

An interim suspension shall only occur when necessary to maintain safety and shall be limited to those situations where the respondent poses a serious and immediate danger or threat to persons or property. In making such an assessment, the institution shall consider the existence of a significant risk to the health or safety of the alleged victim or the campus community, the nature, duration, and severity of the risk, the probability of potential injury, and whether less restrictive means can be used to significantly mitigate the risk. Before an interim suspension is issued,

AMSC will make all reasonable efforts to give the respondent the opportunity to be heard on whether his or her presence on campus poses a danger. If an interim suspension is issued, the terms of the suspension will take effect immediately. When requested by the respondent, a hearing to determine whether the intermediate suspension should continue will be held within five (5) to seven (7) business days of the request.

D. Assess Duty to Warn

The Title IX Coordinator through consultation with the Director of Human Resources and the Vice President for Student Affairs, along with the AMSC Chief of Police and Public Safety should determine whether there is a duty to warn the campus according to Clery Act guidelines.

Investigations 1. The Office of the Title IX Coordinator is responsible for directly overseeing the investigation and resolution of complaints and coordinating possible remedial actions or other responses reasonably designed to minimize the recurrence of the alleged conduct as well as mitigate the effects of any misconduct. The Title IX Coordinator will ensure prompt, fair, and impartial investigations and resolutions of complaints alleging violations of the sexual misconduct policy.

1. The Title IX Coordinator shall be responsible for ensuring any individual participating in the investigation, resolution, or appeal of any sexual misconduct case has received regular training on issues pertaining to sexual misconduct.
2. The Title IX Coordinator shall designate an investigator to conduct a prompt, thorough, and impartial investigation into each complaint received. The investigation shall consist of interviews of the complainant, alleged victim, respondent, and witnesses, and the collection and review of documents or other physical or electronic information, as well as other steps, as appropriate.
3. Unrelated charges and cases shall be investigated separately, unless the respondent consents to having them aggregated.
4. The Title IX Coordinator shall provide the respondent with Initial written notice of the complaint, pending investigation, possible charges, possible sanctions, and available support services, with a copy to the alleged 63 victims. The notice should also include the identity of the Title IX Coordinator and any investigator(s) involved. Notice shall be provided the respondent and the alleged victim via certified mail or institution email. If confirmation of receipt is not received by the Title IX Coordinator, the Title IX Coordinator shall engage in other measures to ensure notice is received by the respondent.
5. The investigator will promptly begin the investigation and will schedule an initial interview with the complainant, alleged victim, respondent and any known relevant witnesses. The investigator should retain written notes and/or obtain written or recorded statements from each interview. The investigator shall also keep a record of any named witnesses not interviewed, along with a brief, written explanation.
6. After the initial written notice has been received from the Title IX Coordinator, the Respondent will be required to attend an Administrative Conference with the Title IX Coordinator or Designee within seven (7) to ten (10) Business Days from the date of the initial notice. If the Respondent fails to schedule or attend the required Administrative Conference, the Title IX Coordinator or Designee may proceed with the case in the accused's absence, including making an administrative decision about the Respondent's responsibility regarding the charges.
7. If the Respondent accepts responsibility for the charges, his/her case will be resolved administratively: (a) The Title IX Coordinator or Designee, in conjunction with an administrative panel, will determine the appropriate disciplinary sanction(s) to apply,(b) In determining the sanction(s), the Title IX Coordinator or Designee, in conjunction with an administrative panel, will consider any mitigating or aggravating factors, including any prior violations of the Student Code of Conduct, College or USG policy, (c) The Designee will inform both the Accused and the Complainant of the decision in writing. The written decision will include a statement of the charges, the determination, and the sanction to be imposed, if any, and the right to appeal.
8. After the initial written notice has been received from the Title IX Coordinator, each party shall have five (5) business days to submit a written statement to supplement the notice of complaint and the verbal interview. In that response, the respondent shall have the right to admit or to deny the allegations, and to set forth a defense with facts,

witnesses, and documents – whether written or electronic – in support. If the respondent has not otherwise responded, a non-written response will be considered a general denial of the alleged misconduct.

9. Based on this response and other relevant information, the investigator shall continue to interview witnesses for both sides, to re-interview parties when necessary, and to collect and review documents, other physical or electronic information, as well as any other pertinent information, as appropriate.
10. Where the respondent is a student, the respondent has the right to remain silent during the investigation and resolution process, without an automatic adverse inference resulting. If the respondent chooses to remain silent, the investigation may still proceed and policy violation charges may still result, which may be resolved against the respondent.
11. The respondent and/or alleged victim may challenge the participation of the investigator on the grounds of personal bias by submitting a written statement to the Title IX Coordinator setting forth the basis for the challenge no later than three (3) business days after the party reasonably should have known of the bias. The Title IX Coordinator will determine whether to sustain or deny the challenge, and if sustained, to appoint a replacement.

C. Charges of Sexual Misconduct

Based upon the final investigation findings of fact by the assigned Investigator, and consultation with the Title IX Coordinator, the Vice President for Student Affairs and/or the Director of Human Resources, the College may initiate Student Code of Conduct and/or Sexual Misconduct Policy charges, as necessary. The Title IX Coordinator will send the Investigator's final written report to all parties (i.e., the Respondent and the Victim) identifying all charges against the Accused for alleged violations of the Student Code of Conduct and/or Sexual Misconduct Policy. The written report of charges will contain possible sanctions, as well as an explanation of the evidence against the Respondent. The following steps will then apply.

1. The parties shall have at least five (5) business days to respond to the report in writing. The respondent's written response should outline his or her plea in response to the charge(s), and where applicable, his or her defense(s), the facts, witnesses, and documents whether written or electronic in support of his or her position.
2. The investigator shall, as necessary, conduct further investigation and update the report as warranted by the response(s),
3. Upon completion of the investigation, the investigator will review the evidence with the Title IX Coordinator. The Title IX Coordinator will ensure policies have been followed.
4. The Title IX Coordinator will contact the alleged victim(s) and the respondent(s) and schedule an opportunity to meet with each party individually. During these meetings, the Title IX Coordinator shall review the report with the parties (individually). Should the report be acceptable to all parties, an informal resolution may be made, which would not require the parties to move to the hearing phase of these procedures. If, however, the parties agree on the conduct, but not on the sanctions, then the sanctions shall be addressed by the hearing panel.

5. Allegations of sexual misconduct involving a student that are brought against an institution's faculty or staff will be investigated as outlined above but will be further addressed and/or resolved through AMSC's Human Resources employment policies, and in accordance with the procedures for dismissal outlined in the Board of Regents Policy, including procedures for appealing such decisions.
6. Where the respondent(s) is a student, a hearing, as well as corresponding procedures/rights to appeal, shall be set and administered as set forth below, and a final report shall be provided to all parties, which will also provide a date, time, and location for a hearing on the matter.
7. The final report shall be provided to the Hearing Panel for consideration in adjudicating the charges brought against the respondent. The investigator may testify as a witness before the panel regarding the investigation and findings but shall otherwise have no part in the hearing process and shall not attempt to otherwise influence the panel outside of providing testimony during the hearing.

E. Sexual Misconduct Hearing

The Hearing Panel shall be composed of at least three (3) members made up of faculty and/or staff. Neither the Investigator nor a student shall serve on the hearing panel. The Title IX Coordinator will select the hearing panel. If a Sexual Misconduct Hearing is required, the following process will be followed.

- (1) The Title IX Coordinator will preside at the Hearing and will rule upon all procedural matters. The formal rules of evidence will not apply, although challenges to the introduction of specific statements or documents may be considered by the Title IX Coordinator on the basis of the relevance to the charges. Information regarding prior misconduct will not be considered for the purpose of determining responsibility but may after a finding of responsibility has been made, be considered for purposes of determining appropriate sanctions. The Title IX Coordinator may establish reasonable limits upon the time allotted to the Accused and the Complainant for oral presentation and presentation of witnesses,
- (2) The Title IX Coordinator will prepare and send a written notice to the Accused and the Complainant no less than five (5) business days prior to the date set for the Hearing. The notice will be delivered personally or sent to the Accused and the Complainant via official AMSC email or certified mail.
- (3) If the Accused or the Complainant cannot attend the hearing on the date scheduled for the hearing due to extraordinary circumstances, he/she must notify the Title IX Coordinator with a written request to reschedule, including reasons for the request, no later than three (3) business days prior to the hearing. The Title IX Coordinator will determine whether to approve or deny the request to reschedule the hearing.
- (4) If the Complainant does not want to participate in the formal resolution process, the College reserves the right to present the case at the hearing in his/her absence.
- (5) Both the alleged victim and respondent shall have the opportunity to present witnesses and evidence to the Hearing Panel. Both parties shall have the right to question any

witnesses, including the other party, by submitting written questions to the Title IX Coordinator and/or his or her designee for consideration. Witness testimony, if provided, shall pertain to knowledge and facts directly associated with the current case. Advisors may actively assist in drafting questions. The Hearing Panel shall ask the questions as written and will limit questions only if they are unrelated to determining the veracity of the charge levied against the respondent(s). In any event, the Panel shall err on the side of asking all submitted questions and must document the reason for not asking any particular questions.

- (6) The Complainant, the Accused and the Hearing Panel may arrange for witnesses to present pertinent information to the Hearing Panel. The AMSC will try to arrange the attendance of witnesses who are members of the College community, if reasonably possible, and who are identified by the parties at least three (3) business days prior to the hearing. The attendance of witnesses who are not members of the College community must be secured by the party wishing to have the witness present information to the Hearing Panel. Attendance of witnesses at the hearing is preferred; however, it is acceptable to obtain and present written, signed statements from witnesses if they are unable to attend.
- (7) The Title IX Coordinator reserves the right to allow a party to testify in a separate room, when determined to be necessary. Where such a determination is made, special measures must be put in place to ensure no party is unfairly disadvantaged by this procedure. A party must still give testimony in the presence of the Panel and the opposing party must have the opportunity to view the testimony remotely and to submit follow-up questions.
- (8) Similarly, where the Title IX Coordinator determines that a witness or party necessary to the proceedings is unavailable and unable to be present due to exigent circumstances (e.g., on a study abroad program, medical restrictions on travel, etc.), he or she may establish special procedures for providing testimony from a separate location. In doing so, the Title IX Coordinator must determine there is a valid basis for the unavailability, ensure proper sequestration in a manner that ensures the testimony has not been tainted, and decide that such an arrangement will not unfairly disadvantage any party. Should it be reasonably believed that a party or witness who is not physically present has presented tainted testimony to the Panel, the Panel will disregard the testimony of that witness.
- (9) No later than three (3) business days prior to the hearing, the parties will exchange the following information in writing by submitting the information to the Title IX Coordinator for delivery distribution. In addition, the parties shall also provide a separate copy of the said Information to the Title IX Coordinator:
- (10) Both the Accused and the Complainant may challenge the participation of any member of the Hearing Panel on the grounds of personal bias by submitting a written statement to the Title IX Coordinator setting forth the basis for the challenge no later than three (3) business days prior to the hearing. The Title IX Coordinator will determine whether to sustain or deny the challenge. If the challenge is sustained, a replacement member will be appointed to serve on the Hearing Panel. If a challenge is filed against the Title IX Coordinator, the Vice President for Student Affairs will determine whether to uphold or deny the challenge.

- (11) Members of the college community will be expected to comply with any request or directive issued by the Title IX Coordinator in connection with a student conduct proceeding, unless compliance would result in significant personal hardship or substantial interference with normal college functions
- (12) All hearings regarding sexual misconduct charges against individual students or student organizations will be closed in accordance with FERPA. The deliberation stage of all hearings shall also be closed.
- (13) The Title IX Coordinator will preside at the Hearing and will rule upon all procedural matters. The formal rules of evidence will not apply, although challenges to the introduction of specific statements or documents may be considered by the Title IX Coordinator based on the relevance to the charges. Information regarding prior misconduct will not be Atlanta Metropolitan State College considered for the purpose of determining responsibility but may after a finding of responsibility has been made, be considered for purposes of determining appropriate sanctions. The Title IX Coordinator may establish reasonable limits upon the time allotted to the Accused and the Complainant for oral presentation and presentation of witnesses.
- (14) Witnesses will be excluded from the hearing, except during their specific witness testimony.
- (15) The standard of review shall be a preponderance of the evidence; however, any decision to suspend or to expel a student must also be supported by substantial evidence at the hearing.
- (16) The civil rules of evidence do not apply to the investigatory or resolution process. Both the respondent and alleged victim shall be provided a written report via certified mail or institution email of the outcome and any resulting sanctions. The written report will summarize the evidence in support of the sanction. The report will also include details on how to appeal, as outlined below.

VII. Sanctions for Sexual Misconduct

The severity of sanctions or corrective actions may depend on the severity, frequency and/or nature of the offense, history of past discriminatory, harassing, or retaliatory conduct, the respondent's willingness to accept responsibility, previous institutional response to similar conduct, and the institution's interests. The Hearing Panel will determine the sanction after review of the investigatory findings. In the case of students found to be in violation:

- (1) The broad range of sanctions includes but is not limited to: expulsion; suspension for an identified time frame or until satisfaction of certain conditions, or both; temporary or permanent separation of the parties (e.g., change in classes, reassignment of residence, no contact orders, limiting geography of where parties can go on campus) with additional sanctions for violating orders; required participation in sexual or relationship sensitivity training/awareness education programs; required participation in alcohol and other drug awareness and abuse prevention programs; counseling or mentoring; volunteering/community service; loss of institutional privileges; delays in obtaining administrative services and benefits from the institution (e.g., holding transcripts,

delaying registration, graduation, diplomas); additional academic requirements relating to scholarly work or research on sexual misconduct; financial restitution; or any other discretionary sanctions directly related to the violation or conduct.

- (2) In the case of faculty or staff who are found to be in violation of sexual misconduct, the appropriate disciplinary action up to and including employment termination will be imposed.

VIII. Sexual Misconduct Appeals

The Complainant and the Accused may appeal the final case disposition outcome. Parties shall have the right to appeal the outcome on any of the following grounds:

- (a) To consider new information, sufficient to alter the decision, or other relevant facts not brought out in the original hearing, because such information was not known or knowable to the person appealing during the time of the hearing;
- (b) To allege a procedural error within the hearing process that may have substantially impacted the fairness of the hearing, including but not limited to whether any hearing questions were improperly excluded or whether the decision was tainted by bias; or
- (c) To allege that the finding was inconsistent with the weight of the information. Appeals may be made by the alleged offender for the above reasons in any case where sanctions are issued – even those in which such sanctions are held “in abeyance,” such as probationary suspension or expulsion.

The appeal must be made in writing and must set forth one or more of the bases outlined above and must be submitted within five (5) business days of the date of the final report.

(1) First Level Appeal - To Vice President for Student Affairs:

Where the respondent or alleged victim appealing the outcome, the appeal should be made to the Vice President for Student Affairs or his/her designee. The appeal shall be a review of the record only, and no new meeting with the respondent or alleged victim will be held. The non-appealing party shall be given the opportunity to respond to the appellant’s submission. The Vice President or his/her designee may affirm the original finding and sanction; affirm the original finding but issue a new sanction of greater or lesser severity; remand the case back to the Title IX Coordinator to correct a procedural or factual defect; or reverse or dismiss the case if there was a procedural or factual defect that cannot be remedied by remand. The Vice President or his/her designee shall then issue a decision in writing to both the respondent and alleged victim simultaneously within a reasonable time period. Absent extenuating circumstance, the Vice President will decide on the appeal within 15 to 20 Business Days.

(2) Second Level Appeal - To the President:

The decision of the Vice President or his/her designee may be appealed in writing within five (5) business days (as determined by the date of the decision letter) to the President of the institution solely on the aforementioned grounds. The President may affirm the original finding and sanction; affirm the original finding but issue a new sanction of greater or lesser severity; remand the case back to the Title IX Coordinator to correct a procedural or factual defect; or reverse or

dismiss the case if there was a procedural or factual defect that cannot be remedied by remand. The President's decision shall be issued in writing to both the respondent and alleged victim and shall be issued within a reasonable amount of time. The President's decision shall be the final decision of the institution. In the absent of or not withstanding any extenuating circumstances, the President will decide on the appeal within 15 business days.

(3) Third Level Appeal - To the Board of Regents:

Should the aggrieved person be dissatisfied with the decision of the College President, he or she may apply to the Board of Regents of the University System of Georgia, without prejudice to his or her position, for a review of the decision. The application for review Atlanta Metropolitan State College must be submitted in writing in accordance with Board of Regents Policy 8.6 (Application for Discretionary Review) within a period of 20 calendar days following the decision of the President. This application for review shall state the decision complained of and the redress desired. A review by the Board is not a matter of right but is within the sound discretion of the Board.

IX. Recusal / Challenge for Bias

Any party may challenge the participation of any institution official or employee in the process on the grounds of personal bias by submitting a written statement to the institution's designee setting forth the basis for the challenge. The written challenge should be submitted within a reasonable time after the individual reasonably should have known of the existence of the bias. The institution's designee will determine whether to sustain or deny the challenge, and if sustained, the replacement to be appointed.

X. Confidentiality

- A.** Different people on campus have different reporting responsibilities, and different abilities to maintain confidentiality, depending on their roles at the College. In all cases, while confidentiality cannot be guaranteed, the privacy of the complainant will be maintained by restricting the exchange of information regarding a case to a "need to know" basis.
- B. Federal Statistical Reporting Obligations** Certain campus officials have a duty to report Sexual Misconduct for federal statistical reporting purposes mandated by the Clery Act.

XI. Retaliation

Retaliation against any member of the College community who makes a report of Sexual Misconduct or cooperates in the review of such report is strictly prohibited and may lead to further disciplinary action. Retaliation includes, but is not limited to, intimidation, harassment, threats, or other adverse action or speech. Retaliation of any kind should be promptly reported to the Title IX Coordinator. Hardcopy Complaint Forms to report Sexual Misconduct are available in the Office of Human Resources, the Office of Student Affairs, the Office of Judicial Affairs, and the Office of Counseling and Disability Services. The complaint form should be completed by the person making the complaint and returned to the Vice President for Student Affairs, the

Director of Human Resources, or the Title IX Coordinator following a report of Sexual Misconduct. An electronic copy of the form may also be obtained from the webpage of the Office of Student Affairs or the Office of Human Resources. Complaints may also be completed online at www.AMSC.edu.

XIV. Related Policies

USG Policy on Sexual Misconduct: <https://www.usg.edu/policymanual/section6/C2655/>

CONDUCT POLICY

All students are entitled to learn in a safe environment conducive to personal and professional growth. Therefore, all individuals enrolled at Atlanta Metropolitan State College must adhere to the College's conduct policy. These procedures apply to matters relating to student misconduct, except matters relating to sexual misconduct or academic dishonesty which are covered under separate institution policies.

I. REPORTS OF STUDENT MISCONDUCT

Student misconduct by members of the College community should be immediately reported to one of the following Atlanta Metropolitan State College campus officials described below:

- (1) Student misconduct involving students should be reported to the Vice President for Student Affairs via the on-line Student Incident form at: https://atlm-advocate.symplicity.com/public_report/index.php/pid666607? A. FILING A FORMAL COMPLAINT OF STUDENT MISCONDUCT

A Complainant of student misconduct can choose from the following reporting options within the institution to file a complaint of student misconduct at Atlanta Metropolitan State College:

- (1) File a student misconduct complaint with the Office of Student Affairs;
- (2) File a criminal complaint with AMSC law enforcement officials; and
- (3) File an anonymous complaint.

Listed below are the details on how to file a student misconduct complaint using each of the above listed options:

- (1) How to File a Student Misconduct Complaint** \All complaints of alleged AMSC student conduct violation by a student shall be made in writing to the Office of Student Affairs. The complaint can be submitted by completing the incident report form at https://atlm-advocate.symplicity.com/public_report/index.php/pid666607?

Complaints should contain as much information as possible – such as:

- (1) the type of misconduct alleged;
- (2) the name and contact information of the respondent;
- (3) the date(s), time(s), and place(s) of the misconduct;
- (4) the name(s) and contact information of any individual(s) with knowledge of the incident;
- (5) whether any tangible evidence has been preserved; and
- (6) whether a criminal complaint has been made.

Information from complaints will be shared only as necessary to investigate and to resolve the alleged student misconduct. Complaints will be investigated and resolved as outlined below. The Vice President for Student Affairs (VPSA) in conjunction with the AMSC Judicial Officer or the VPSA appointee. The VPSA will assess the need for institutional interim measures as described below as appropriate and where reasonable, as well as work with the appropriate institutional department to determine the need to issue a broader warning to the community in compliance with the Clery Act or to report activity to the authorities.

Student misconduct reports will be investigated and adjudicated separately from any criminal complaints.

1. *Confidentiality*: Where a complainant or alleged victim requests that his or her identity be withheld or the allegation(s) not be investigated, AMSC will consider, through the Vice President for Student Affairs, whether this request can be honored while still providing a safe and nondiscriminatory environment for the institution. Honoring the request may limit the institution's ability to respond fully to the incident and may limit the institution's ability to discipline the respondent.
2. *Retaliation*: Anyone who, in good faith, reports what she or he believes to be misconduct under this Policy, or who participates or cooperates in, or is otherwise associated with any investigation, shall not be subjected to retaliation. Anyone who believes he or she has been the target of retaliation for reporting, participating or cooperating in, or otherwise being associated with an investigation should immediately contact the Vice President for Student Affairs or the AMSC Judicial Officer. Information reported by an individual during an investigation concerning use of drugs or alcohol will not be used against the individual in a disciplinary proceeding or voluntarily reported to law enforcement; however, individuals may be provided with resources on drug and alcohol counseling and/or education, as appropriate

How to File a Student Misconduct Complaint through AMSC Law Enforcement

Because some student misconduct may constitute criminal activity, a complainant also has the option, should he or she so choose, of filing a report with AMSC Public Safety Department or local police, for his or her own protection and that of the surrounding community.

How to File an Anonymous Student Misconduct Complaint

Persons who wish to report an anonymous complaint of student misconduct may do so by completing the online incident report form located at www.AMSC.edu.

It should be noted that a complainant may not always be the alleged victim but instead may be a third-party witness. The institution may also respond to issues raised by third-party complaints (such as referrals by police) or discovered by staff or through its own investigations.

B. PROCESS FOR INVESTIGATING AND RESOLVING DISPUTED REPORTS

Jurisdiction: AMSC shall take necessary and appropriate action to protect the safety and well-being of its community. Accordingly, AMSC shall address student conduct when such acts occur on institution property or at institution-sponsored or affiliated events, or otherwise violate the institution's student conduct policies at non-institution sponsored events. If the student has admitted responsibility and has voluntarily decided to participate in the informal process, the procedures outlined in this section will not apply.

Access to Advisors: The respondent and alleged victim (where applicable), as parties to these proceedings, shall have the right to use an advisor (including an attorney) of his or her choosing, and at his or her own expense, for the express purpose of providing advice and counsel. The advisor may be present during meetings and proceedings during the investigatory and/or resolution process at which his or her advisee is present. The advisor may advise his or her advisee in any manner, including providing questions, suggestions, and guidance on responses to any questions of the advisee, but shall not participate directly. The institution shall not prohibit family members of a party from attending if the party requests such attendance but may limit each participant to two family members.

Initial Evaluation of Student Conduct Reports:

Upon receipt of student conduct complaint, AMSC will conduct a prompt, fair, and impartial review

and resolution of complaints alleging student misconduct. The AMSC Judicial Officer shall review the complaint to determine whether the allegation(s) describes conduct in violation of the institution's policies and/or code of conduct. If the reported conduct is not a violation of the institution's policies and/or Student Conduct Policy, then the report will be dismissed.

Otherwise, the Office of Judicial Affairs will assign an Investigator to the complaint case and a prompt, thorough, and impartial investigation and review shall be conducted into each complaint received to determine whether charges against the respondent should be brought.

Throughout the investigation and resolution proceedings, a respondent shall receive notice of the alleged misconduct, shall be provided an opportunity to respond, and shall be allowed to remain silent during the investigation and resolution process, without an adverse inference resulting. If

the respondent chooses to remain silent, the investigation may still proceed, and policy violation charges may still result and may be resolved against the respondent. Further, unrelated charges and cases shall be investigated separately, unless the respondent consents to having them aggregated.

Where the potential sanctions for the alleged misconduct may involve a suspension or expulsion (even if such sanctions were to be held “in abeyance,” such as probationary suspension or expulsion) AMSC’s investigation and resolution procedures provides the following as it relates to the respondent:

1. The respondent shall be provided with written notice of the complaint/allegations, pending investigation, possible charges, possible sanctions, and available support services. The notice shall also include the identity of any investigator(s) involved. Notice should be provided via institution email and/o certified mail to the address on file. Where applicable, a copy shall also be provided to the alleged victim via the same means.
2. Upon receipt of the written notice, the respondent shall be given at least three (3) business days to respond in writing. In that response, the respondent shall have the right to admit or to deny the allegations, and to set forth a defense with facts, witnesses, and documents— whether written or electronic – in support. A non-response will be considered a general denial of the alleged misconduct.
3. Based on this response, the investigation shall consist of interviews of the respondent, the alleged victim (where applicable) and witnesses, and the collection and review of documents or other physical or electronic information, as well as other steps as appropriate. The investigator will retain written notes and/or obtain written or recorded statements from each interview. The investigator shall also keep a record of any named witnesses not interviewed, along with a brief, written explanation.
4. The investigation shall be summarized in writing in an initial investigation report and provided to the respondent and the alleged victim (where applicable) in person, and/or certified mail or via email. This summary will indicate any resulting charges (or alternatively, a determination of no charges), as well as the facts and evidence in support thereof, witness statements, and possible sanctions.
5. To the extent the respondent is ultimately charged with any violation, he or she shall also have the opportunity to respond in writing. The respondent’s written response to the charge(s) shall be due no earlier than three (3) business days following the date of the initial investigation report. The respondent’s written response should outline his or her plea in response to the charge(s), and where applicable, his or her defense(s), and the facts, witnesses, and documents whether written or electronic – in support. A nonresponse to the charge(s) by the respondent will be interpreted as a denial of the charge(s).
6. The investigator shall conduct further investigation and update the investigative report as warranted by the respondent’s response.
7. The copy of the final investigative report will be provided to the student misconduct panel or hearing officer for consideration in adjudicating the charges brought against the respondent. A copy shall also be provided to the respondent and alleged victim (where

applicable) before any hearing. The investigator may testify as a witness regarding the investigation and findings but shall otherwise have no part in the hearing process and shall not attempt to otherwise influence the proceedings outside of providing testimony during the hearing.

Interim Measures and Suspensions:

In an effort to maintain a safe environment during the investigation and adjudication process, the College through the Vice President for Student Affairs may take interim action as appropriate. An interim suspension shall only occur when necessary to maintain safety and shall be limited to those situations where the respondent poses a serious and immediate danger or threat to persons or property of the campus community. In making such an assessment, AMSC will consider the existence of a significant risk to the health or safety of the campus community; the nature, duration, and severity of the risk; the probability of potential injury; and whether less restrictive means can be used to significantly mitigate the risk. Before an interim suspension is issued, AMSC will make all reasonable efforts to give the respondent the opportunity to be heard on whether his or her presence on campus poses a danger. If an interim suspension is issued, the terms of the suspension will take effect immediately. When requested by the respondent, a hearing to determine whether the intermediate suspension should continue will be held within three (3) business days of the request.

Imposing interim protective measures does not indicate that a violation of this Policy has occurred and is designed to maintain the safety of the persons of the campus and not to harm the respondent. Interim measures may include, but are not limited to:

1. Issuance of a “no contact” directive (to include face to face, social media, or through third party);
2. Restrictions or bars to entering certain institution property;
3. Changes to academic or employment arrangements, schedules, or supervision;
4. Interim suspension; and
5. Other measures designed to promote the safety and well-being of the parties and the institution’s community.

M. HAZING

Any activity which involves initiations or inductions that permit physical and or mental suffering are prohibited.

N. PARKING AND TRAFFIC REGULATIONS

The purpose of the following Policies and Regulations is to facilitate the safe and orderly conduct of college business and to establish parking procedures. The College assumes no responsibility for loss or damage to any vehicle or the contents of any vehicle operated or parked on the Atlanta Metropolitan State College campus. Vehicles should be kept locked at all times.

General Parking Information-All students, faculty, and staff automobiles must be registered with the College and must display a parking decal. This decal must be placed on the inside of the rear window (driver's side). To obtain a new parking decal an automobile registration form or bill of sale must be presented. Parking decals are not transferable to friends, visitors, or family members. They are for the sole use of the person to which the sticker is issued. Decals must be removed from cars when ownership changes. The registrant will be held liable for violations if the decal is displayed on the car registered with the College.

Reserved Parking-Faculty and staff parking areas are marked. Students are expected to park their automobiles in areas other than those reserved for faculty and staff. All cars must be parked within the parking space lines. Parking on yellow curbs or in driving lanes is a parking violation.

Penalties-Cars illegally parked will be ticketed. Fines must be paid promptly at the cashier's window, Room 121 in the Library Building. Students will not be permitted to register for classes

in subsequent semesters until all fines have been paid. Serious offenders (after three tickets) will be subject to disciplinary action. The College reserves the right to order the removal of any vehicle that is found illegally parked on AMSC property. Cars having no indication of an authorized parking decal or parked in an unauthorized space may be booted or towed away at considerable cost to the owner. Persons violating these policies may have their parking decals removed from their cars and replacement parking decals may not be issued for the remainder of the semester in progress, or longer, depending upon the nature of the violation.

Motorcycles must be registered and are subject to the same policies and procedures as set forth for automobiles. Parking decals must be displayed in a conspicuous place on the motorcycle.

- Intentionally using the computer to invade the privacy, academic or otherwise, of another or the threatened invasion of the privacy of another.

5. Responsible use of resources

Students are responsible for knowing what information resources (including networks) are available. Students should remember that resources are shared, and refrain from all acts that waste or prevent others from using these resources or from using them in whatever ways have been proscribed by the College and the laws of the State and Federal governments.

6. Game playing

Limited recreational game playing that is not part of an authorized and assigned research or instructional activity is tolerated (within the parameters of each department's rules). College computing and network services are not to be used for extensive or competitive recreational game playing.

7. Information integrity

It is the responsibility of the student to be aware of the potential for and possible effects of manipulating information, especially in electronic form, to understand the changeable nature of electronically stored information, and to verify the integrity and completeness of information that compiled or used.

8. Use of desktop systems

Students are responsible, in coordination with the Management Information Systems department, for the security and integrity of AMSC information stored on personal desktop systems.

9. Sharing of access

Computer accounts, password, and other types of authorization are assigned to individual users and must not be shared with others. Students are responsible for any use of their account.

10. Permitting unauthorized access

Students may not run or otherwise configure software or hardware to intentionally allow access by unauthorized users.

11. Use of privileged access

Special access to information or other special computing privileges are to be used in performance of official duties only. Information obtained through special privileges is to be treated as private.

12. Termination of access

When students cease being a member of the campus community (graduate or terminate employment), or if they are assigned a new position and/or responsibilities within the College, their access authorization must be reviewed. Students must not use facilities, accounts, access codes, privileges, or information for which they are not authorized.

13. Attempts to circumvent security

Users are prohibited from attempting to circumvent or subvert any system's security measures. This section does not prohibit use of security tools by system administration personnel.

14. Decoding access control information

Students are prohibited from using any computer program or device to intercept or decode passwords or similar access control information.

15. Denial of service

Deliberate attempts to degrade the performance of a computer system or network or to deprive authorized personnel of resources or access to any College computer system or network is prohibited.

 - Access abilities used during a previous position at the College

18.Unauthorized monitoring

Students may not use computing resources for unauthorized monitoring of electronic communications.

Board of Regents policy (section 914.01) states that “The use of System materials, supplies, equipment, machinery, or vehicles in political campaigns is forbidden. "The use of College computers and networks shall conform to these policies.

23. Personal business

Computing facilities, services, and networks may not be used in connection with compensated outside work nor for the benefit of organizations not related to Atlanta Metropolitan State College, except in connection with scholarly pursuits (such as faculty publishing activities); or in a purely incidental way. This and any other incidental use (such as electronic communications or storing data on single- user machines) must not interfere with other users' access to resources (computer cycles, network bandwidth, disk space, printers, etc.) and must not be excessive. State law restricts the use of State facilities for personal gain or benefit.

M. Dismissal

In determining the severity of sanctions or corrective actions the following should be considered: the frequency, severity, and/or nature of the offense; history of past conduct; an offender's willingness to accept responsibility; previous institutional response to similar conduct; strength of the evidence; and the wellbeing of the university community. The institution will determine sanctions and issue notice of the same, as outlined above.

The broad range of sanctions includes: expulsion; suspension for an identified time frame or until satisfaction of certain conditions or both; temporary or permanent separation of the parties (e.g., change in classes, reassignment of residence, no contact orders, limiting geography of where parties can go on campus) with additional sanctions for violating no-contact orders; required participation in sensitivity training/awareness education programs; required participation in alcohol and other drug awareness and abuse prevention programs; counseling or mentoring; volunteering/community service; loss of institutional privileges; delays in obtaining administrative services and benefits from the institution (e.g., holding transcripts, delaying registration, graduation, diplomas); additional academic requirements relating to scholarly work or research; financial restitution; or any other discretionary sanctions directly related to the violation or conduct.

For suspension and expulsion, the institution must articulate, in its written decision, the substantial evidence relied upon in determining that suspension or expulsion were appropriate. For purposes of this Policy substantial evidence means evidence that a reasonable person might accept to support the conclusion.

III. RIGHTS OF STUDENT DEFENDANT BEFORE THE JUDICIAL HEARING PANEL

At hearings of the Judicial Hearing Panel, the student defendant shall be afforded all rights required of his/her process including:

- A. The right to an advisor of his/her choice.
- B. The right to question the complainant.
- C. The right to present evidence on his/her behalf.
- D. The right to call witnesses on his/her behalf.
- E. The right to remain silent and have no inference of guilt drawn from such silence.

- F. The right to cross-examination through the submission of questions to the hearing officer or panel.
- G. The right to appeal if the Judicial Hearing Panel imposes suspension or expulsion.
- H. A tape recording and/or summary transcription of the proceedings shall be kept and made available at the student's request for the sole purpose of appeal from a decision for expulsion. The student may also have a verbatim transcript made at his/her own expense. The College shall also have this option at its expense.
- I. The right to be advised of his/her right to appeal the decision of the Judicial Hearing Panel.
- J. The right to attend classes and required AMSC functions until a hearing is held and a decision is rendered. Exceptions to this would be made when the student's presence would create a substantial likelihood of material interference with the normal operation and processes of the requirements of appropriate discipline at the College.

Resolution /Hearing

A hearing to resolve charge(s) of student misconduct shall not take place before the investigative report has been finalized or before the respondent has had an opportunity to respond in writing, unless the respondent has chosen to go through an informal process or otherwise provided a written waiver of rights to these procedures, AMSC's policy and procedures provides for having a hearing to resolve charges of student misconduct. Further, unrelated charges and/or cases shall be heard separately unless the respondent voluntarily consents to the charges/cases being heard jointly.

Where the respondent indicates that he or she contests the charges, and once the investigative report has been finalized and copies provided to the respondent and alleged victim (where applicable,) the case shall be set for hearing; however, the alleged victim (where applicable) and respondent may have the option of selecting mediation as a possible resolution in certain student misconduct cases where they mutually agree, except where deemed inappropriate by the Vice President for Student Affairs, or his/her designee.

Where a case is not resolved through mediation, the respondent shall have the option of having the charges heard either by an administrator (hearing officer) or a student conduct panel. Notice of the date, time, and location of the hearing shall be provided to the respondent and alleged victim (where applicable) at least three (3) business days prior to the hearing. Notice shall be provided via institution email or alternative method, if necessary. Additionally, the following standards will apply to any such hearing:

1. The respondent shall have the right to present witnesses and evidence to the hearing officer or panel, as well as to ask questions to any witnesses. At the determination of the hearing officer or panel, this questioning may take place through the submission of written questions to the panel or hearing officer for consideration; however, the parties' advisors may still actively advise and assist in drafting those questions. The hearing officer or panel shall ask the questions as written and will limit questions only if they are unrelated to determining the veracity of the charge leveled against the respondent(s). In

any event, the hearing officer or panel shall err on the side of asking all submitted questions and must document the reason for not asking any specific questions.

2. Where the hearing officer or panel determines that a party or witness is unavailable and unable to be present due to extenuating circumstances, the hearing officer or panel may establish special procedures for providing testimony from a separate location. In doing so, the hearing officer or panel must determine there is a valid basis for the unavailability, ensure proper sequestration in a manner that ensures testimony has not been tainted, and decide that such an arrangement will not unfairly disadvantage any party. Should it be reasonably believed that a party or witness who is not physically present has presented tainted testimony, the hearing officer or panel will disregard or discount the testimony.
3. Formal civil rules of evidence do not apply to the investigatory or resolution process.
4. The standard of review shall be a preponderance of the evidence; however, any decision to suspend or to expel a student must also be supported by substantial evidence at the hearing.
5. AMSC shall maintain documentation of the proceedings, which may include written findings of fact, transcripts, audio recordings and/or video recordings.
6. Following a hearing, both the respondent and alleged victim (where applicable) shall be provided a written decision via certified mail and/or institution email of the outcome and any resulting sanctions. The decision should include details on how to appeal, as outlined below. Additionally, the written decision must summarize the evidence in support of the sanction. The same form will be completed, regardless of whether the student opts for a student panel or an administrative hearing.

IV. THE JUDICIAL HEARING PANEL

1. The Judicial Hearing Panel of the College shall consist of six members; three shall be members of the faculty/staff appointed by the Vice President of Student Affairs and there shall be three regularly enrolled students recommended by the Student Government Association.
2. The Panel Chairperson shall be appointed by the Vice President of Student Affairs. The Office of Student Affairs shall be responsible for aiding the Judicial Hearing Panel when necessary to perform recording functions.
3. The Judicial Hearing Panel shall hear cases involving alleged violations of the Student Conduct Policy.
4. Preliminary investigations of charges against students shall be made by the Office of Student Affairs and submitted to the Panel. The chairman is appointed by the Vice President of Student Affairs and shall set the time and place for a hearing and notify other members.
5. Decisions of the Judicial Hearing Panel shall be by majority vote.
6. Any member of the Judicial Hearing Panel shall disqualify himself/herself if personal involvement in the case is detrimental to the interest of the case.
7. The Judicial Hearing Panel shall make a tape recording and summary transcription of the proceedings.

V. POSSIBLE DISCIPLINARY SANCTIONS

The severity of sanctions or corrective actions may depend on the severity, frequency and/or nature of the offense, history of past discriminatory, harassing, or retaliatory conduct, the respondent's willingness to accept responsibility, previous institutional response to similar conduct, and the institution's interests. The Panel will determine the sanction after review of the investigatory findings.

The broad range of sanctions includes but is not limited to: expulsion; suspension for an identified time frame or until satisfaction of certain conditions, or both; temporary or permanent separation of the parties (e.g., change in classes, reassignment of residence, no contact orders, limiting geography of where parties can go on campus) with additional sanctions for violating orders; required participation in sexual or relationship sensitivity training/awareness education programs; required participation in alcohol and other drug awareness and abuse prevention programs; counseling or mentoring; volunteering/community service; loss of institutional privileges; delays in obtaining administrative services and benefits from the institution (e.g., holding transcripts, delaying registration, graduation, diplomas); additional academic requirements relating to scholarly work or research on sexual misconduct; financial restitution; or any other discretionary sanctions directly related to the violation or conduct.

VI. MISCONDUCT APPEALS

Where the sanction imposed includes a suspension or expulsion (even for one held in abeyance), the following appellate procedures must be provided to the respondent. The alleged offender shall have the right to appeal the outcome on any of the following grounds:

- (1) to consider new information, sufficient to alter the decision, or other relevant facts not brought out in the original hearing, because such information was not known or knowable to the person appealing during the time of the hearing;
- (2) to allege a procedural error within the hearing process that may have substantially impacted the fairness of the hearing, including but not limited to whether any hearing questions were improperly excluded or whether the decision was tainted by bias; or
- (3) to allege that the finding was inconsistent with the weight of the information. Appeals may be made by the alleged offender for the above reasons in any case where sanctions are issued – even those in which such sanctions are held “in abeyance,” such as probationary suspension or expulsion.

The appeal must be made in writing, and must set forth one or more of the bases outlined above, and must be submitted within five (5) business days of the date of the final written decision.

The appeal should be made to the Vice President for Student Affairs or his/her designee. The appeal shall be a review of the record only, and no new meeting with the respondent or any alleged victim will be held. The Vice President, or his/her designee, may affirm the original finding and sanction; affirm the original finding but issue a new sanction lesser severity; remand the case back to the decision-maker to correct a procedural or factual defect; or reverse or dismiss the case if there was a procedural or factual defect that cannot be remedied by remand.

The Vice President or his/her designee shall then issue a decision in writing to the respondent within a reasonable time period. The decision of the Vice President or his/her designee may be appealed in writing within five (5) business days (as determined by the date of the decision letter) to the President of the institution solely on the four grounds set forth above.

The President may affirm the original finding and sanction; affirm the original finding but issue a new sanction of greater or lesser severity, remand the case back to the decision maker to correct a procedural or factual defect; or reverse or dismiss the case if there was a procedural or factual defect that cannot be remedied by remand. The President's decision shall be issued in writing to both the respondent and complainant within a reasonable time period. The President's decision shall be the final decision of the institution.

Should the respondent wish to appeal the President's decision, he or she may appeal to the Board of Regents in accordance with the Board of Regents Policy 8.6.

VII. Recusal / Challenge for Bias

Any party may challenge the participation of any institution official or employee in the process on the grounds of personal bias by submitting a written statement to the institution's designee setting forth the basis for the challenge. The written challenge should be submitted within a reasonable time after the individual reasonably should have known of the existence of the bias. The institution's designee will determine whether to sustain or deny the challenge, and if sustained, the replacement to be appointed.

TECHNOLOGY RESOURCE USAGE POLICY

AMSC provides access to computing resources for students, faculty, staff, and other authorized users. The computing resources of the college, including facilities, hardware, software, networks, and computer accounts, are the property of the State of Georgia.
