

Message from the President

As you are aware, the country of Haiti recently experienced a devastating earthquake.

This natural disaster has hit close to home as Atlanta Metropolitan College has several students from Haiti. We have been in touch with all of our Haitian students and they are concerned but doing well under these difficult circumstances. They have told us that their families are safe.

As a result, we are joining several organizations in the Metro Atlanta community to support relief efforts through specific activities on campus.

Many within the Atlanta Metropolitan College Family have asked how they can help or contribute to relief efforts. In this case, the **American Red Cross** has established ways to make contributions in support of relief efforts. Go to <http://www.redcross.org>

In addition to donating to major international relief organizations, the Office of Student Activities and the Office of Institutional Advancement in conjunction with Future Educators of AMC, Student Commission, Phi Theta Kappa, and Plus Size Divas, are collecting Bottled Water and Non-Perishable Food Items to help support the worldwide Haitian relief efforts.

Posters and flyers are located throughout the main campus and the downtown site with important information on how you can help. I hope you will join with us to support all that have been impacted by the earthquake.

Sincerely,

Gary A. McGaha Ph.D.
President

AMC HAITIAN RELIEF EFFORT
