- ☒ Students who expect to receive financial aid to pay for their courses must have their class schedule stamped by the Financial Aid Office and the Office of Fiscal Affairs. Failure to follow this procedure will result in your registration being cancelled.
- ☒ **Please keep in mind that it is the student's responsibility to withdraw from any course for which he/she registers, but fails to attend. Failure to withdraw from such course will result in the student receiving a failing grade.**

DRUG AND ALCOHOL PREVENTION PROGRAM

FEDERAL REQUIREMENT

The 1987 authorization of the Higher Education Act states that Title IV Program (Student Aid) participation agreements will require an institution to certify that it has a viable institution-wide drug abuse prevention program as determined by the institution.

Section 22 of the Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-116) requires the institution to submit certification of a drug and alcohol prevention program on campus.

The major thrust of activities at Atlanta Metropolitan College to implement the Drug Free Schools Campus Act, PL101-226, 1989 is toward the prevention of drug and alcohol abuse for our faculty, staff and students.

1. Statement – The possession, sale, purchase, furnishing or use of alcohol and/or drugs controlled by federal or Georgia law without valid medical or dental prescription is prohibited on campus and at any activity sponsored by the College or a recognized student organization off campus. The policy applies to individual students and recognized organizations.
2. Students will be informed of the applicable legal sanctions under local, state, and federal law for unlawful possession, use, or distribution of illicit drugs and alcohol.

Any student(s) charged with violating the institutional policy on drugs and alcohol which is stated in our Code of Conduct, will be subjected to the institution's Disciplinary Due Process for disposition of the case. Any student found guilty of charges will be disciplined in accordance with the disciplinary measures outlined for an infraction of the Student Code of Conduct.

ACTIVITIES

The following activities are actions by the institution to provide information and educational experiences that will address the issues of prevention. A description of health risks associated with the use and abuse of illegal drugs and alcohol are incorporated in the following:

3. Use slides and filmstrips in group guidance sessions, workshops and classrooms that reveal the facts and realities of the effect of commonly abused drugs and alcohol including the impact on jobs, families, and academic work.
4. Sponsor group guidance sessions involving law enforcement officials to emphasize the legal problems attendant to drug and alcohol abuse.
5. Sponsor special weeks, days or health fairs with activities designed to stress prevention as the best solution to the drug and alcohol abuse problems among college faculty, staff and students.
6. Sponsor frequent workshops and seminars for administrators, counselors and supervisory personnel to assist them in their efforts to counsel faculty, students, and staff who may have need for agency services.
7. Distribute copies of the institution's Alcohol and Drug Prevention Program and Policy Statement to all faculty, staff and students.
8. Share drug and alcohol prevention and abuse information from professional journals and the American College Health Association through campus publications.
