AMSC Lady Trailblazers sets a new school record and establishes a State record for Men and Women’s basketball. The NJCAA quoted a record 687 programs, 211 Men and 476 women, applied for Team Academic recognition. This is the highest number of applications for Academic recognition in the history of the NJCAA.

In women’s basketball, there were 74 schools seeking academic honors. Among the top 25 schools in the nation, AMSC women’s basketball team ranked 21, thus completing a school’s double, becoming the first team in Georgia’s history to have recorded both male and female National All-Academic Teams.

AMSC, with its two individual Women Academic All-Americans, has placed itself among the elite schools in JUCO Athletics to have individual Academic All-Americans and an Academic all-American Team. Doris Ijeoma (left) has earned the Superior Academic Achievement Award and Emmanuella Ezeobi (right) has earned the Exemplary Academic Achievement Award for the 2015-2016 Academic Year.

CONGRATULATIONS to the Lady Trailblazers and a special thanks to their coaching staff: Ms. Cheryl Maxwell (Athletics Academic Advisor) and coaches Christian Anderson and Cynthia Nwokocha.

**Verification for the rankings of the All-American Academic Teams for the 2015-2016 academic year will be released the second week of July.**
