- 1) **Rationale:** Provide the rationale for proposing the new academic program.
- 2) **Mission Fit and Disciplinary Trends:** Description of the program's fit with the institutional mission and nationally accepted trends in the discipline (explain in narrative form). If the program is outside of the scope of the institutional mission and sector, provide the compelling rationale for submission.
- 3) **Description and Objectives:** Program description and objectives (explain in narrative form).
- 4) **Need:** Description of the justification of need for the program. (Explain in narrative form why the program is required to expand curricular academic offerings at the institution, the data to provide graduates for the workforce, and/or the data in response to specific agency and/or corporation requests in the local or regional area.)
- 5) **Demand:** Description of how the program demonstrates demand. (Explain in narrative form the data that supports demand for the program from existing and potential students and requests from regional industries.)
- 6) **Duplication:** Description of how the program does not present duplication of existing academic offerings in the geographic area and within the system as a whole. If similar programs exist, indicate why these existing programs are not sufficient to address need and demand in the state/institution's service region and how the proposed program is demonstrably different.
- 7) Collaboration: Is the program in collaboration with another USG Institution, TCSG institution, private college or university, or other entity?
 Yes _____ or No _____ (place an X beside one)
 If yes, list the institution below and include a letter of support from the collaborating institution's leadership (i.e., President or Vice President for Academic Affairs) for the proposed academic program in the appendix.
- 8) **Forecast:** If this program was not listed on your academic forecast for the 2016 2017 academic year, provide an explanation concerning why it was not forecasted, but is submitted at this time.
- 9) Admission Criteria: List the admission criteria for the academic program.
 - a) Include all required minima scores on standardized tests.
 - b) Include the required grade point average requirement.

10) Curriculum (See the form below this series of questions and please complete.)

a) List the entire course of study required to complete the academic program. Include the course prefixes, course numbers, course titles, and credit hour requirement for each course. Indicate the word "new" beside new courses.

- b) Provide a sample program of study that includes the course prefixes, course numbers, and course titles and credit hour requirement for each course. Indicate the word "new" beside new courses.
- c) List and reference all course prerequisites for required and elective courses within the program. Include the course prefixes, numbers, titles, and credit hour requirements.
- d) State the total number of credit hours required to complete the program, but do not include orientation, freshman year experience, physical education, or health and wellness courses per the Academic and Student Affairs Handbook, Section 2.3.1.

- e) If this is a doctoral program, provide the names of four external reviewers of aspirational or comparative peer programs complete with name, title, institution, e-mail address, and telephone number. External reviewers must hold the rank of associate professor or higher in addition to other administrative titles.
- f) If internships, assistantships, or field experiences are required to complete the academic program, provide information documenting internship or field experience availability and how students will be assigned, supervised, and evaluated.
- g) Within the appendix, append the course catalog descriptions for new courses. Include the course prefixes, course numbers, course titles, and credit hour requirements.
- 11) **Waiver to Degree-Credit Hour** (if applicable): State whether semester credit-hours exceed maximum limits for the academic program and provide a rationale.
- 12) **Student Learning Outcomes:** Student Learning outcomes and other associated outcomes of the proposed program (provide a narrative explanation).
- 13) **Assessment and Quality**: Describe institutional assessments throughout the program to ensure academic quality, viability, and productivity as this relates to post-approval enrollment monitoring, degree productivity, and comprehensive program review.
- 14) Accreditation: Describe disciplinary accreditation requirements associated with the program (if applicable, otherwise indicate NA).
- 15) **Enrollment Projections:** Provide projected enrollments for the program specifically during the initial years of implementation.
 - a) Will enrollments be cohort-based? Yes____ or No_____ (place an X beside one)
 - b) Explain the rationale used to determine enrollment projections.

16) Faculty

- a) Provide the total number of faculty members that will support this program: _____
- *b)* Provide an inventory of faculty members directly involved with the administration and instruction of the program. Annotate in parentheses the person who holds the role of department chair. For each faculty member listed, provide the information below in tabular form. Indicate whether any positions listed are projected new hires and currently vacant. (Multiple rows can be added to the table.) *Note: The table below is similar to the SACS-COC faculty roster form.*

Faculty	Rank	Courses Taught	Academic Degrees	Current	Other
Name	Kalik	(including term, course number & title, credit hours (D, UN, UT, G)	& Coursework (relevant to courses taught, including institution & major; list specific graduate coursework, if needed)	Workload	Qualifications & Comments (related to courses taught)

F, *P*: *Full-time or Part-time: D, UN, UT, G: Developmental, Undergraduate Non-transferable, Undergraduate Transferable, Graduate*

- c) Explain how faculty workloads will be impacted by the proposed new program.
- d) Explain whether additional faculty will be needed to establish and implement the program. Describe the institutional plan for recruiting additional faculty members in terms of required qualifications, financial preparations, timetable for adding faculty, and whether resources were shifted from other academic units, programs, or derived from other sources.

17) Fiscal and Estimated Budget

- a) Describe the resources that will be used specifically for the program.
- b) Budget Instructions: Complete the form further below and **provide a narrative to** address each of the following:
- c) For Expenditures:
 - i. Provide a description of institutional resources that will be required for the program (e.g., personnel, library, equipment, laboratories, supplies, and capital expenditures at program start-up and recurring).
 - ii. If the program involves reassigning existing faculty and/or staff, include the specific costs/expenses associated with reassigning faculty and staff to support the program (e.g., cost of part-time faculty to cover courses currently being taught by faculty being reassigned to the new program, or portion of full-time faculty workload and salary allocated to the program).
- d) For Revenue:
 - i. If using existing funds, provide a specific and detailed plan indicating the following three items: source of existing funds being reallocated; how the existing resources will be reallocated to specific costs for the new program; and the impact the redirection will have on units that lose funding.
 - ii. Explain how the new tuition amounts are calculated.
 - iii. Explain the nature of any student fees listed (course fees, lab fees, program fees, etc.). Exclude student mandatory fees (i.e., activity, health, athletic, etc.).
 - iv. If revenues from Other Grants are included, please identify each grant and indicate if it has been awarded.
 - v. If Other Revenue is included, identify the source(s) of this revenue and the amount of each source.
- e) When Grand Total Revenue is not equal to Grand Total Costs:
 - i. Explain how the institution will make up the shortfall. If reallocated funds are the primary tools being used to cover deficits, what is the plan to reduce the need for the program to rely on these funds to sustain the program?
 - ii. If the projected enrollment is not realized, provide an explanation for how the institution will cover the shortfall.
