Final Exam Policies and Guidelines

Final Exam Policy

A final examination schedule is published each semester by the Office of the Registrar. Final examinations are held at the end of the term in accordance to the published academic calendar. No final examination may be given in advance of the date scheduled unless authorized by the Dean of the appropriate college.

Each instructor has the authority to design and administer the final examination in whatever manner is appropriate. Additionally, the instructor has the authority to structure the course syllabus and content so that the final examination may be a summative evaluation of the entire term's work or a portion of the terms work. Take home exams are permissible as long as the exams are not due earlier than the final examination time slot as assigned by the academic calendar.

Distance Learning Courses

Online and Hybrid courses which require a face-to-face final exam may be scheduled by your instructors on a date and time during the Final Exam Conflict Periods.

Final Exam Conflicts

Scheduling conflicts may occur particularly with courses not following the Standard Course Meeting Matrix. If a student has more than two final exams scheduled in a single day, he or she may reschedule all but two of them through the cooperation of the faculty member (and Dean of the College if necessary).

Admissions to Course Examinations

Students who have not registered for the course will not be admitted to the final examination.

Prohibited Events

Student-scheduled and student-centered events including awards ceremonies, end of semester celebrations, sports competition, and other events are prohibited from the day that exams begin through the last exam in any semester.
